

Solder Board-Component View 9	 A photograph of a small, circular green printed circuit board (PCB) component, identified as View 9. The component is positioned on a blue textured surface. To its left is a vertical ruler with markings from 1 to 8 mm. Below the component is a horizontal ruler with markings from 1 to 8 mm. The component features a central circular cutout and a small rectangular tab extending from its left side. Various electronic components, including resistors and capacitors, are visible on the surface of the PCB.
Solder Board-Component View 10	 A photograph of the same small, circular green PCB component, identified as View 10. This view shows the opposite side of the component. It is placed on the same blue textured surface with the same vertical and horizontal rulers for scale. The component has a central circular cutout and a small rectangular tab extending from its right side. The underside of the PCB shows various electronic components, including resistors and capacitors, and some text markings such as "REV:1.0", "DC1133S", and "A8426".
