DESCRIPTIONFUNCTIONS① ANC ON/OFF② Volume Up / Next Track③ Volume Down / Previous Track④ Power ON/OFF⑤ LED Indicator⑥ 3.5MM Aux Port⑦ Charging Port⑧ MicrophoneLIMITED WARRANTY

Adesso provides a one year limited warranty for all of its products against defects in material and workmanship.

During this period, Adesso will repair or replace any product which proves to be defective. However, Adesso will not warranty any product which has been subject to improper freight handling, shipping abuse, neglect, improper installation or unauthorized repair. The warranty will not cover products installed with components not approved by Adesso and products where the sealed assembly trace has been broken.

If you discover a defect, Adesso will, at its option, repair or replace the product at no charge to you provided you return it during the warranty period with freight charges pre-paid to Adesso. Before returning any product, you must obtain a Return Merchandise Authorization number (RMA). This RMA # must be clearly marked on the outside of the package you are returning for warranty service. Be certain to also include your name, shipping address (no PO Boxes), telephone number, and a copy of the invoice showing proof of purchase in the package.

TROUBLESHOOTING•What if the headphones will not power on?

If the headphones will not power on after turning on the power button, please ensure the headphones has been fully charged and try powering the headphones on again.

•What if the headphones will not charge?

If the status LED does not turn red when you plug in the charging cable, please try charging the headphones by connecting it to a different USB power source.

•What if I'm unable to pair to headphones?

If you are not able to pair to the headphones, please try disabling bluetooth on your device. Power off the headphones, then power on the headphones. Then, enable bluetooth on your device. The headphones will appear as Xstream P800, click or tap on it to pair.

•What if I hear no sound through headphones after pairing?

If you do not hear sound through your headphones, make sure the sound on your device is not muted and turned up.

FCC Warning

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.
