Subject: Requesting Class II permissive change for FCC ID: 2BML6P2EV1-0

To Whom It May Concern:

Zipline requests a Class II Permissive Change (C2PC) to FCC ID 2BML6P2EV1-0, original grant date Dec 16, 2024.

Modifications:

1. Integration with a different antenna type and gain.
2. Installation into Zipline host - Platform 2 Uncrewed Aircraft System.
3. Collocation of two wifi and two cellular modules (FCC ID XMR2021EC25AFDL).
4. Address RF exposure for mobile configuration.
5. Disable bluetooth and 5GHz bands via software. This C2PC only addresses 2.4 GHz Wi-Fi.

This module is not sold to the public or other OEMs. This will be only installed in Zipline International Inc host products.

There is no change to the product hardware. Following new/ revised documents have been included with the request:

1. User Manual
2. Operational Description
3. External Photos with antenna(s)
4. Test Report
5. Confidentiality Request

Sincerely,

A handwritten signature in black ink that reads "Arvind Sathe".

Arvind Sathe
