States

---

## Difference Statement

We, KIRO Ltd. declare our company's product:

Product name: Handheld Thermal Binoculars

Model name: Skylark-35

Skylark-H50

The differences are as follows:

Model	Skylark-35	Skylark-H50
The lens focal length	35mm	50mm

The only difference between the two models is the focal length of the lens. We declare that their circuit principles, PCB Layout, RF circuit, RF antenna and matching circuit are consistent. The differences between these models do not affect the RF/Safety/EMC performance and the above statements of our company are totally true.

Sincerely yours,
