Overviews

More and more children play tablets / phones for fun, obsess with a variety of games and entertainment, and also learn knowledge. However, kids still lack the ability to control their behavior and identify positive contents, being obsessive with tablet may have negative effects on kids' physical and psychological development.

Our tablets is oriented to security, healthy content and easy management, and behavior limit, focusing on establishing secure environment for kids, blocking hazards, making parent be reassured about kids network environment.

Parental Control

Separating contents which are not suitable for children and protecting kids` physical and psychological growth, parents can filter the contents which need to be blocked.

1、 Applications Filter

Select appropriate applications for kids, and block inappropriate contents like bloody and violent content. Only selected applications will be showed up in children`s desktop.

2、 Websites Filtering

When children use the Internet browser, it will automatically block the websites without parental permission.

Content and Management

Provide children with rich applications resources, and use tools to manage applications, video, music and other content.

1、 Applications Recommendation

- 2、 The Kids Store recommend with educational games and other applications which are suitable for kids. Recommended content is regularly updated and can be downloaded for free.

2、 Multimedia Management

Children can open "Video" application in the children desktop and see all good movies selected by parents; similarly, children can open the "Gallery" and "Music" application and see pictures and listen to songs which are previously prepared.

Behavior Restrictions

Restrict kids' behavior by iWawa launcher, kids can not disturb the parents' desktop any more, unexpected consumption and games addiction could be effectively avoided.

1、 Child Lock

Without permission of parents, children will not be able to exit the child desktop. Not only ensure that kids stay in a safe environment, but also ensure that kids do not have access to parents' desktop applications.

2、 Consumption Restraint

All purchases require parents' confirmation by entering the password. Prevent kids' unexpected consumption from clicking wrong buttons.

3、 Time Limit

Parents can set a timetable for kids to use tablet and have a break time. It will automatically be transferred to break time when time is up, and tablet is temporarily unusable. It is flexible to protect the kids' growing environment.

4、 Prolong Time Quickly

Parents can enter a password to prolong 30 minutes for kids, and deal with some unexpected conditions easily.

5、 Behavior Report

The system automatically produces detailed reports of applications usage which record kids' behavior on using various applications and the frequency. In this way, parents can easily understand kids' habits and preferences.

Featured Functions

Provide more practical and convenient features for children and parents.

1、 Multiple Accounts

A tablet can set up more than one account. Each child can have their own separate desktop.

2、 Karaoke

Placing music video files to the specific path of storage, the system automatically recognize the files which makes you see them in the menu interface, click to enjoy music video.

MKV video formats files are available to support switching freely between the original and Karaoke. Karaoke it is! Follow the video and subtitles to sing along!

FCC Statement

This device complies with Part 15 of the FCC rules. Operation is subject to the following two conditions: 1) this device may not cause harmful interference, and 2) this device must accept any interference received, including interference that may cause undesired operation.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

FCC Radiation Exposure Statement

This device complies with FCC RF radiation exposure limits set forth for an uncontrolled environment. The device can be used in portable exposure condition without restriction.
