### Notice

- 1) The string lights part is IP44 waterproof and can be used outside, but please keep the adaptor protected from water. (the long lead wire will make it possible to keep the adaptor indoor and string lights outdoor.)
- 2) Input voltage 12V-30V DC, please use the attached adaptor for power supply (input 1.20V, output 30V). Please do not use 220V AC directly.
- 3) This product is anode connection mode, do not connect wrong, easy to lead to product failure.

— 7 —

### Remote control:

You can remote control the string lights with multiple functions and the instruction is as below:

— 8 —

**⚠ WARNING**

**INGESTION HAZARD:** This product contains a button cell or coin battery.  
**DEATH** or serious injury can occur if ingested.  
A swallowed button cell or coin battery can cause **Internal Chemical Burns** in as little as **2 hours**.  
**KEEP** new and used batteries **OUT OF REACH OF CHILDREN**  
**Seek immediate medical attention** if a battery is suspected to be swallowed or inserted inside any part of the body.

— 10 —

- a) Remove and immediately recycle or dispose of used batteries according to local regulations and keep away from children. Do NOT dispose of batteries in household trash or incinerate.
- b) Even used batteries may cause severe injury or death.
- c) Call a local poison control center for treatment information.
- d) The battery type is a lithium-metal, non-rechargeable CR2025.
- e) The nominal battery voltage is 3V DC.
- f) Non-rechargeable batteries are not to be recharged.
- g) Do not force discharge, recharge, disassemble, heat above 65°C or incinerate. Doing so may result in injury due to venting, leakage or explosion resulting in chemical burns.
- h) Ensure the batteries are installed correctly according to polarity (+ and -).
- i) Do not mix old and new batteries, different brands or types of batteries, such as alkaline, carbon-zinc or rechargeable batteries.
- j) Remove and immediately recycle or dispose of batteries from equipment not used for an extended period of time according to local regulations.
- k) Always completely secure the battery compartment. If the battery compartment does not close securely, stop using the product, remove the batteries, and keep them away from children.

**FCC WARNING**  
This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

**NOTE:** This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

To maintain compliance with FCC's RF Exposure guidelines, This equipment should be installed and operated with minimum 20mm distance between the radiator and your body. Use only the supplied antenna.
