

Smart Projector

※Quick Installation Guide※

Attention

Please read this manual carefully before use and keep it for future reference.

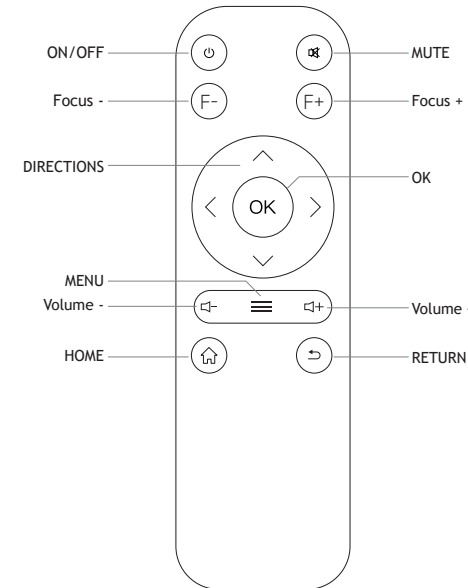

- 1.The projector is non dustproof or waterproof.
- 2.In order to reduce the risk of fire and electric shock, do not expose the projector to rain and fog.
- 3.Please use the original power adapter. The projector should work under specified rated power supply.
- 4.When projector is working, please do not look directly into the lens, the strong light will flash your eyes and cause slight pain. Children should use the projector under the supervision of adults.
- 5.Do not cover the vents of projector. Heating will reduce the life of projector and cause danger.
- 6.Regularly clean projector vents, or dust may cause cooling malfunction.
- 7.Do not use the projector in greasy, damp, dusty or smoky environment. Oil or chemicals will cause malfunction.
- 8.Please handle with care during daily use.
- 9.Please cut off the power if the projector is out of use for long time.
- 10.Non-professionals are forbidden to disassemble the projector for testing and maintenance.

Disclaim

This manual is general instructions, The pictures and functions in this manual should subject to the actual product. Our company is devoting to improve product performance, we reserve the right to modify product functions and interface described in this manual without notice.

Please keep your device properly. We are not responsible for any loss caused by wrong operation of software/hardware or repairing or any other reasons. We are not responsible for any loss of any third party claims.

This manual has been carefully checked by professional engineer, please understand for any inevitable omissions.

FCC Statement

1.This device complies with Part 15 of the FCC Rules.

Operation is subject to the following two conditions:

(1)This device may not cause harmful interference.

(2)This device must accept any interference received, including interference that may cause undesired operation.

2.Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note:This equipment has been tested and found to comply with the limits for a class B digital device,pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates uses and can radiate radio frequence energy and,if not installed and used in accordance with the instructions,may cause harmful interference to radio communications.However,there is no guarantee that interference will not occur in a particular installation.if this equipmment does cause harmful interference to radio or television reception,which can be determined by turning the equipment off and on,the user is encouraged to try to correct the interference by one or more of the following measures:

• Reorient or relocate the receiving antenna.

• Increase the separation between the equipment and receiver.

• Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

• Consult the dealer or an experienced radio/TV technician for help.

The device has been evaluated to meet general RF exposure requirement, This equipment should be installed and operated with a minumum distance of 20cm between the radiator and your body.

Vulnerability Disclosure Policy
We value product security and welcome you to report any vulnerabilities you find.
1: Reporting Steps
Describe the vulnerability details in detail, including type, impact and reproduction method.
Provide supporting materials, such as screenshots, logs.
Keep the information confidential and do not disclose it to a third party.
2: Reporting Channels
Pease send email to:1443378896@qq.com
3: Follow-up
We will reply and communicate the follow-up matters in time.
True and effective reports may be rewarded.
Malicious reports will be held legally responsible.
4: Vulnerability Handling
We will evaluate and fix the vulnerability.
After fixing the vulnerability, we will decide whether to publicize the vulnerability information according to the situation.
5: Protection and Reward
We will keep the identity of the reporter confidential.
Please avoid including sensitive information in your report.
Depending on the vulnerability, we may offer rewards.
Comply with the law, report legally, and avoid malicious behavior.

Product Safety Update Policy
1. We are committed to performing a security check of the device firmware at least every six months and releasing updates as security vulnerabilities are discovered or significant security enhancements are made.
2. After each firmware update is released, we will provide a minimum 30-day download period to ensure that users have sufficient time to update.
3. Software security updates will be supported through December 2030 .
Devices that have exceeded the support period will no longer receive official security updates.

Attention:

Please do not look directly into the lens when projecting to prevent the strong light doing harm to your eyes. Kids should use the projector under the supervision of adults.
