Applicant: Dot Ai Corporation

To Whom It May Concern,

We are submitting an application for **original equipment certification** under FCC ID **2BMQR-DAIC-ZIM-0001**. This application covers a device that integrates the following radio modules:

- **Model nRF52840, Bluetooth Low Energy (802.15.1) transceiver**
- **Model SX1262, LoRa (915 MHz ISM band) transceiver**

The device is a multi-radio platform intended for wireless communication and positioning, operating in compliance with applicable FCC rules.

The following rule parts apply:

- **Part 15 Subpart C (15.247)** – for BLE operation in the 2.4 GHz band
- **Part 15 Subpart C (15.247)** – for LoRa operation in the 915 MHz ISM band

This is an **original grant** request. Please contact us if additional information is required to support the processing of this application.

Sincerely,
Vijayan Nambiar, CTO
