

BACK

Note: Active Noise Cancellation (ANC) is only available when both earphones are used at the same time.

Search for "NEXIEM" app

For information on how to use the touch sensor and how to read the LED display, please refer to the manual on NEXIEM app.

WARRANTY INFORMATION

emilai Inc. warrants True Wireless Stereo In Ear Monitors to be free of defects in material and/or workmanship for a period of twelve (12) months from the date of retail purchase. The warranty is non transferable, is valid for the original purchaser, and is only valid when the product is purchased from an authorized source. In the event that a product is deemed defective, at its own discretion emilai will choose to either repair or replace the product with a new or refurbished substantially equivalent model. This limited warranty does not cover loss, theft, or any defects attributable to damage beyond the reasonable control of emilai including damage caused by abuse, misuse, misapplication, or modifications performed by anyone other than emilai.

The warranty applies to the charging case, the external shell of the In Ear Monitor, and the internal components. The limited warranty shall apply to any repair, valid replacement part, or replacement product for the remainder of the original warranty period or for ninety (90) days, whichever period of time is greater. Any parts or products replaced under warranty will become the property of emilai.

Details of the product warranty can be found below.

Product Overview

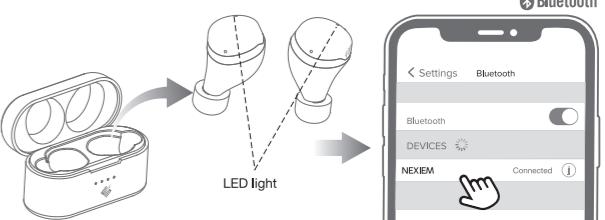

Accessories

Please refer to the online manual on the web page for charging and installation instructions.

How to pair

When connecting to your smartphone or other device for the first time, you will need to pair the device. Before use, please charge the earbuds and make sure there is enough battery power for pairing and playback.

Open the Bluetooth settings on your smartphone or other device you want to connect to, and make sure "NEXIEM" is displayed on the screen, then select it. When "Connected" is displayed, pairing is complete.

Multi-function button

If pairing does not work properly or the operation is unstable, please try resetting the device. To do so, please press the multi-function button while the device is paired with the charging case.

Check the battery level of the case Press **ONCE**
Displays the remaining battery life of the case.

Pairing Press **TWICE**
Pair both earphones with the connected device while they are in the case.

Full reset Long press for **10 sec.**
Press and hold for 10 seconds until the orange LED on the earphone body turns white to reset the setting.

FCC Statement

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.
