METEOR

EXCLUSIVE CREATIVE ATMOSPHERE LIGHT 

EXCLUSIVE CREATIVITY | STEPLESS DIMMING | ACCOMPANY SLEEP

SPECIFICATIONS

Product Name: Meteor

Product model: P2888TA

Input voltage: DC 5V 1-2A Type-C

Battery capacity: 2800mAh

Product size: L115*102*H195mm

Packaging size: 120*120*310

Product accessories: Type-C charging cable

+instruction manual+certificate of conformity

INSTRUCTIONS

1. Rotate the switch to turn on the power, allowing for stepless dimming.
2. After turning on the power, long press the rotary button to activate or deactivate the Bluetooth function. The rotary button can adjust the volume, and a light press plays or pauses the music. Long pressing again will turn off Bluetooth and restore the previous dimming state.
3. After turning on the power, long press the rotary button to activate the Bluetooth function. When not connected or no music is playing, the light will display a colorful changing effect. While playing music, the lights will dynamically change in sync with the music rhythm.

PRECAUTIONS

1. It is strictly prohibited to disassemble this product by oneself to avoid damage or danger.
- When using the product normally, do not place it on a slope greater than 6 degrees.
3. Do not use in high temperature environments, keep away from extreme environments such as fire and water sources.
- If you need to dispose of this product, please follow the national environmental regulations for disposal.
5. If smoke, odor, or abnormal noise is detected during the use of this product, please do not continue to use it.
 6. This product cannot be considered a toy, and children under three years old must use it with their parents.
 7. If the product overheats, is damaged, or falls into liquid, there may be risks of electric leakage/short circuit. Please stop using it.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Warning: changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment

The device has been evaluated to meet general RF exposure requirement , the device can be used in portable exposure condition without restriction
