FCC Statement

This device complies with Part 15 of the FCC Rules. Operation is subject to the following

four conditions:

(1) This device may not cause harmful interference;

(2) This device must accept any interference received, including interference that may cause

undesired operation;

(3) This device complies with FCC radiation exposure limits set forth for an uncontrolled

environment;

(4) This transmitter must not be co-located or operating in conjunction with any other antenna

or transmitter.

NOTE:

This equipment has been tested and found to comply with the limits for a Class B digital

device, pursuant to Part 15of the FCC Rules. These limits are designed to provide reasonable

protection against harmful interference in a residential installation. This equipment

generates uses and can radiate radio frequency energy and, if not installed and used in

accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation.

 If this equipment does cause harmful interference to radio or

television reception, which can be determined by turning the equipment off and on, the user

is encouraged to try to correct the interference by one of the following measures:

Reorient or relocate the receiving antenna.

Increase the separation between the equipment and receiver.

Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

Consult the dealer or an experienced radio/TV technician for help.

RF Exposure Information

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator and your body.

WARNING:

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment.

CAUTION

RISK OF EXPLOSION IF BATTERY IS REPL ACED BY AN INCORRECT TYPE. DISPOSE OFUSED BATTERIES ACCORDING TO THE INSTRUCTIONS
