2

Power On and Off (ON/OFF)

1. Press and hold the power button for 3 seconds to turn on; the LED indicator will glow blue for 2 seconds.
2. Press and hold the power button for 2 seconds to turn off.

Bluetooth Connection

1. Turn on the Bluetooth speaker; the LED indicator will flash blue.
2. Then, enable Bluetooth on your phone and search for "Parlante SK849BT". Manually click to connect. If the connection is successful, you will hear a voice prompt.
3. Since the speaker can automatically connect to the last paired device, simply turn on the speaker after enabling Bluetooth on your device, and it will reconnect automatically.

Answer Incoming Calls

Press the play/pause button to answer incoming calls.

End the Call

Press the play/pause button once to end the ongoing call.

3

Reject incoming call

Press and hold the play/pause button for 2 seconds to reject the call.

Play music

- 1.Short-press the Play/Pause button to play or pause;
- 2.Long-press "◀" to go to the previous track;
- 3.Long-press "▶" to go to the next track;
- 4.Short-press "⏮" to decrease volume;
- 5.Short-press "⏭" to increase volume.

FM mode

- 1.Insert the provided micro USB cable into the speaker's micro USB slot as an antenna. Then turn on the speaker and press the MFB button once to enter FM mode.
- 2.Press and hold the Play/Pause button for 2 seconds to activate automatic channel search.
- 3.Press and hold the Play/Pause button for 2 seconds to stop the search.
- 4.Press and hold "+"/ "-" to select a channel.

USB Mode

Insert a USB drive, and the speaker will immediately play the music.

AUX Mode

Connect your phone/music player to the speaker using the included 3.5mm audio cable, and the speaker will automatically recognize it.

4

True Wireless Stereo (TWS) Pairing for Two SK849BT Speakers

You can connect two SK849BT speakers as a pair for stronger stereo sound and surround effect.

- 1.Ensure the Bluetooth function on your Bluetooth player is OFF;
- 2.Turn on both speakers;
- 3.Short-press the TWS button on one of the speakers (it will become the main speaker). Both speakers will enter TWS pairing mode. If the main speaker's LED indicator blinks blue and the auxiliary channel's LED indicator stays solid blue, the TWS connection is successful.
- 4.Then enable Bluetooth on your phone and search for "Parlante SK849BT". Manually click to connect.

Specifications

Bluetooth Version: V5.0

Warnings

- 1.Please follow the indicated operation instructions carefully.
- 2.Charge the earphones with a power input of less than 5V/1A to protect the battery.
- 3.Do not use this product near water. Do not submerge the product in any type of liquid or spill liquid on it.
- 4.Use or store this product in a normal temperature environment.
- 5.Keep this product away from heat sources, such as radiators, hot air heaters, stoves, or other heat-generating appliances. The product has no protection against high temperatures.
- 6.Do not block the product's ports, such as the charging port, LED port, and microphone, etc.
- 7.To protect your hearing and extend the product's lifespan, it is not recommended to use maximum volume for an extended period.
- 8.If you encounter any issues with this product, contact a sales representative instead of attempting to fix the problem yourself. Otherwise, you will not be eligible for after-sales service.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

CAUTION: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

FCC Statement: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

RF exposure compliance statement:

This device has been evaluated to meet the general RF exposure requirement
