PRODUCT MANUAL

TRAVELER METAL SOUND SYSTEM

MODEL: LPO-L208

PLEASE READ THIS MANUAL CAREFULLY BEFORE USING THE PRODUCT AND KEEP IT IN A SAFE PLACE.

Dear customer: Thank you for choosing our Traveler Metal Audio System. Please read this manual carefully before use to ensure optimal performance. The design of the Traveler Metal Audionot only gives it a futuristic look but also enhances its visual appeal, making you feel the superior technology during use. The buttons are comfortably positioned and responsive, providing seamless control over the audio system's various functions. The entire series is protected by design patents, ensuring superior performance for outdoor travel and home use. It offers exceptional sound quality, making it an essential enhancement to your lifestyle, whether you're at home or outdoors.

PARAMETERS

Product Name: Traveler Metal Audio
Product model: LPO-L208
Battery capacity: 1600mAh
Rated power: 5W
Product Material: Metal+PC+ABS

Product size: 74x74x106mm
Supported formats: Bluetooth TF card insertion and removal

CAUTION

- Please store and use it at room temperature.
- Avoid exposure to the rain or humid condition.
- Do not throw to avoid damage caused by dropping.
- Do not disassemble, modify or repair the product yourself.
- This product comes with an irreplaceable built-in lithium battery. Please do not discard or cast it in the fire to avoid danger.
- Children are not allowed to use the product.
- To avoid the performance being affected, please keep it away from strong magnetic items.
- When not in use for a prolonged period, please charge the speaker every 3 months to expand the lifespan of battery.

PRODUCT INDICATION DIAGRAM

Name and concentration of hazardous substance in the product x1

Part Name	Toxic or Hazardous Substances					
	Lead (Pb)	Mercury (Hg)	Cadmium (Cd)	Hexavalent Chromium (Cr6+)	Polybrominated Biphenyl (PBB)	Polybrominated diphenylether (PBDE)
Plastic Shell	0	0	0	0	0	0
Cable	0	0	0	0	0	0
Circuit Board PCBA	×	0	0	0	0	0
Lithium Battery	0	0	0	0	0	0
Speaker	0	0	0	0	0	0

This table is prepared in accordance with the provisions of SJ/T 11364.
O: Indicates that this toxic or hazardous substance contained in all of the homogeneous materials for this part is below the limit requirement of GBT 26572.
X: Indicates that this toxic or hazardous substance contained in at least one of the homogeneous materials used for this part is above the limit requirement of GB/T 26572.

10

This symbol means the electronic product contains some hazardous substances, it is safe to use under the time limit for the usage, proper disposal and recycling are suggested when exceeded the time limit for the usage.

TROUBLESHOOTING

1. The Bluetooth speaker is unable to pair with the mobile.
A: Please check whether the speaker is in pairing mode and whether the Bluetooth search function is on, or check the Bluetooth menu on your phone and delete / cancel the speaker and reattach the speaker according to the instructions.

2. The Bluetooth speaker is unable to turn on.
A: Please check the battery.

3. Can I use the Bluetooth speaker at a maximum volume?
A: To expand the lifespan of Bluetooth speaker, it is not suggested to play it at a maximum volume.

4. Bluetooth speaker disconnect with the mobile in 10 meters.
A: Because Bluetooth is a wireless technology, it is sensitive to barriers between speakers and connected devices. Check for metal or other objects within the connection area that affect the connection.

5. No sound is provided after pairing with the computer or mobile.
A: Please check if the output channel of computer has already been set to Bluetooth audio device or whether the Bluetooth of computer supports A2DP protocol or not. And check the volume of computer and mobile as well.

6. When successfully connected, is it possible to control the APP on mobile through the Bluetooth speaker?
A: Some applications may not support Bluetooth speaker control function as different APP may have different settings.

FCC WARNING

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:
(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

NOTE 1: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular

installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

NOTE 2: Any changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
