3 IN 1 CHARGING

PRODUCT INTRODUCTION
3 in 1 Charging Station
Charging port: TYPE-C
Material: Environmental protection plastic ABS
Input: 5V/2A
Output: Phone 5W/7.5W/10W/15W(MAX)
Watch: 2.5W(MAX), Earphone 5W(MAX)
Folding size unfolded: 65 * 74 * 24 mm
Unfolded size: 65*120*16mm

Notes

- Do not use the charging station in a wet environment.
- Do not use the charging station with a damaged cable.
- Do not use the charging station with a damaged phone.
- Do not use the charging station with a damaged case.
- Do not use the charging station with a damaged screen.
- Do not use the charging station with a damaged camera.
- Do not use the charging station with a damaged speaker.
- Do not use the charging station with a damaged microphone.
- Do not use the charging station with a damaged sensor.
