-RF Exposure: This device has been evaluated to meet FCC radiation exposure limits.

-Battery Safety: Use only the supplied charger. Do not disassemble or expose the device to extreme temperatures.

FCC Warning

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any changes or modifications not expressly approved by the party responsible for compliancecould void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

-- Reorient or relocate the receiving antenna.

-- Increase the separation between the equipment and receiver.

-- Connect the equipment into an outlet on a circuit different from that

    to which the receiver is connected.

-- Consult the dealer or an experienced radio/TV technician for help. The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction

4. Package Contents

VIV Ring

Charging Dock

USB-C Charging Cable

User Manual

5. Device Specifications

Wireless Connectivity: Bluetooth Low Energy (BLE)

Battery Life: Up to 5~6 days

Charging Time: Approximately 90 minutes

Water Resistance: IPX8

Sensor Type: Optical Heart Rate Sensor, SpO2 Sensor

6. Setup Instructions

-Download the VIV Ring App from the Apple App Store or Google Play Store.

-Create an account and follow the on-screen instructions.

-Charge the VIV Smart Ring fully before first use.

-Pair the ring with your smartphone via Bluetooth.
