

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

**EUT Housing and
Board View 1**

**EUT Housing and
Board View 2**

Solder Board-Component View 1	 A photograph of a blue printed circuit board (PCB) component, labeled 'Solder Board-Component View 1'. The board is rectangular with a large, dark, rectangular area in the center, likely a solder mask or a component. It is placed on a blue background. A black ruler is positioned vertically to the left of the board, showing measurements from 0 to 100 mm. A black cable is connected to the board, extending towards the top right corner.
Solder Board-Component View 2	 A photograph of the same blue printed circuit board (PCB) component, labeled 'Solder Board-Component View 2'. This view shows the reverse side of the board. It features several gold-colored pads and components, including a small black component labeled '0081 MDP' and a larger component labeled '0081 MDP'. A black cable is connected to the board, extending towards the top right corner. A black ruler is positioned vertically to the left of the board, showing measurements from 0 to 100 mm.

Solder Board-Component View 5	 A photograph of a blue printed circuit board (PCB) component, likely a mobile phone antenna, placed on a blue fabric surface. The component is rectangular with several gold-colored solder pads and components. It is positioned next to a black ruler with white markings in millimeters and centimeters. The ruler is oriented vertically on the left and horizontally at the bottom. The component is labeled with 'RoHS', 'MDP', and other technical specifications.
Antenna View	BT / WIFI Antenna  A photograph showing the internal components of a mobile phone, specifically the antenna assembly. The phone is open, revealing the battery, the main board, and the antenna. A red line points from the text 'BT / WIFI Antenna' to a specific component on the antenna assembly. The component is a small, rectangular, silver-colored metal piece. The phone is placed on a blue fabric surface next to a black ruler with white markings in millimeters and centimeters. The ruler is oriented vertically on the left and horizontally at the bottom.
