WEEE NOTICE

This product should not be disposed of with household waste.It is your responsibility to act in accordance with local environmental laws and guidelines by depositing it at a collection point

for recycling of electronic equipment.

EU CONFORMITY

Cayon Technology Limited. hereby declares that this device complies with the essential requirements and other relevant provisions of EC Directive 2014/53/EU, as applies to energy-related products, and RoHS Directive 2011/65/EU, as applies to restricted use of hazardous substances.

PREVENTION OF HEARING LOSS

Caution: Listening to music at high volume levels for long periods of time can cause permanent damage to hearing. To avoid hearing loss, we recommend lowering the volume of the music player before starting playback and then gradually increasing the volume to a comfortable, moderate listening level.

TOUBLESHOOTING

- 1. Make sure the charging case is full of power.
- 2. Put the earbuds to the charging case to charge for a while.
- 3. Take the earbuds out of the case till the white led light flash alternately, this method is only applicable when the earbuds can't pair to the device. If the earbuds have not been paired, double click the right earbud to pair it.
- 4. Connection failed, check whether the earbuds are paired or not, check your device's Bluetooth search function, and turn off other bluetooth device.

- 5. Low sound volume or distortion of sound, check the volume of bluetooth device, and turn it to the propr volume.
- 6. The earphones should be used correctly according to the requirements, in order to ensure smooth connection, pay attention to the influence of the use environment on the earphone. It is suggested that the distance between the device and the earphones should be within 10M.
- 7. Wipe the hardware contacts of the headset and charging case when the earbud is not charging.

SERVICE NOTE

If your problem is not answered above, please contact us via email: service@ferravutti.com We will respond within 24 hours.

Precautions for Use

- 1. Earbuds should be stored in a dry and ventilated environment to avoid contact with oil, water vapor, steam, moisture and dust, so as not to affect product performance.
- 2. Avoid using irritating, organic solvents or items containing these ingredients to clean the earbuds.
- 3. To ensure a smooth connection, it is recommended that the distance between the phone and the earbuds be within 10 meters.
- 4. Keep the earbuds away from magnets, electrical appliances and speaker.
- 5. If the headset is not connected or the communication is not smooth, etc., please do not disassemble the headset body and its accessories, otherwise it will not to be guaranteed.
- 6. To ensure that you use your headset properly, make sure that the headset is fully charged.

SAFETY WARNING

- 1. Do not expose the product to fire or sources of excessive heat. Keep away from extreme ambient temperatures below -10°C or above 50°C.
- 2. Do not disassemble the product. Do not attempt to replace the product's internal batteries.
- 3. Keep away from corrosive liquids.
- 4. Do not touch the earbuds with sharp objects and do not use heavy objects to squeeze.
- 5. Do not use the product in thunderstorm weather.
- 6. If it has not been used for more than a month, please charge and maintain it in time to ensure that it is safe.
- 7. Avoid accidents by keeping the product packaging and accessories out of reach of children and pets.
- 8. Do not drop, hit, scratch, twist, bump, knock, or roll the earphones into water.

Battery Warning

This product has built-in lithium battery.  
Do not expose the product to strong sunlight, fire or throw it into the fire to avoid explosion.  
Avid using and charging the battery under extreme temperatures.

**FCC Warning:**

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

**Caution:** Any changes or modifications to this device not explicitly approved by manufacturer could void your authority to operate this equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 0cm between the radiator and your body.
