Date: September 03, 2025

Declaration letter

We: Satco Products Inc.

110 Heartland Blvd. Brentwood, NY 11717, USA

Officially notify TÜV SÜD Certification and Testing (China) Co., Ltd. Shanghai Branch, the models' differences as below:

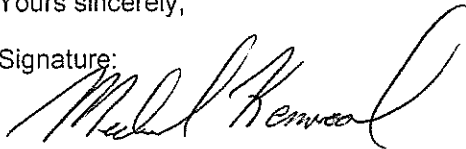

65-933, 65-934 are Smart Video Doorbell with BLE and 2.4GHz Wi-Fi function.

FCC ID: 2BNMQ-65933

All of the above models have the same electrical construction. Including schematic diagrams, electronic components, wireless modules, PCB layout, etc. Differing only the color of the product's front shell. Model 65-933 features a white front shell, while model 65-934 has a black front shell.

Yours sincerely,

Signature:
