Re: § 2.933 Change in identification of equipment

To Whom It May Concern:

This change in identification of equipment request applies to the original FCC ID: TFB-1004, granted on 06/07/2017 and 06/13/2017. The equipment bearing the modified identification (new FCC ID: 2BNMU-ACCESS365) is electrically identical to the original equipment. Therefore, the original test results continue to be representative of and applicable to the equipment bearing the changed identification.

Sincerely,
