USA

Subject: FCC Certification Application for 13.56 MHz Intentional Radiator, single modular approval.

FCC ID: 2BNP7GEN4RFID

Applicant: Seitz & Associates, Inc.

Model Number: GEN4RFID

To whom it may concern,

We, Seitz & Associates, Inc., hereby submit this application for FCC equipment authorization for our new 13.56 MHz RFID device under FCC Part 15.225 for single modular approval.

1. Device Description

- The GEN4RFID device is a 13.56MHz ISO18000-3M3 transceiver with an integrated antenna multiplexer. It is designed to work with antennas directly connected to it 62-pin edge connector.

2. Compliance Testing

- The device was tested for compliance by Element Materials Technology.
- The associated test reports, setup photos, and supporting documentation are included with this filing.

3. Attestation

- We confirm that all information provided in this application is accurate and representative of the device as it will be marketed.
- Seitz & Associates, Inc. accepts responsibility for ensuring the device remains in compliance with FCC requirements.

If you have any questions or need additional information, please contact Tyler Seitz, Vice President at tyler.seitz@gmail.com.

Thank you for your attention to this application.

Sincerely,

A handwritten signature in black ink, appearing to read "Tyler Seitz".
