Solder Board-Component View 6	 A photograph of a small, square, light-colored printed circuit board (PCB) component. The component has a central circular hole and is populated with several small, yellow, rectangular surface-mount components. It is placed on a blue textured surface next to a black L-shaped ruler with white markings in millimeters and centimeters.
Solder Board-Component View 7	 A photograph of the same PCB component from a different angle. This view shows the underside of the component, which is dark-colored and has several small, gold-colored solder pads and components visible. It is placed on the same blue textured surface next to the same black L-shaped ruler.

Solder Board-Component View 8	 A photograph of a small, square, black electronic component with a central circular hole, resting on a blue textured surface. A black L-shaped ruler with white markings is placed next to it for scale. The component has some text printed on it, including "N394V0" and "AT-011227102".
Antenna View 1	 A photograph of the same electronic component from a different angle, showing its top surface. A red rectangular box highlights a specific area on the component. A red line points from a label below to this box. The component is placed on a blue textured surface with a black L-shaped ruler for scale. The text "N394V0" and "AT-011227102" is visible on the component. NFC Antenna
