FAQ

Can I skip the Mana Setup?

Yes, just switch ON Mana via the ON/OFF switch on the top and Mana will start working in ~ 2 mins. If you'd like to change the content on your Mana then you'll need to do the Wi-Fi setup (one time only) and use the smartphone app to create / choose your topics

What kind of display does Mana have?

Mana has a screen made of electronic paper (E-Ink Spectra epaper). In contrast to conventional display screens, epaper uses pigments to reflect light rather than emit it. This gives the display a natural appearance similar to printed paper.

How do I check the battery level?

The battery level can be seen when you enter the Settings Menu.
(does not update dynamically)
Recharge via the usb port (~3 hours) to reach full capacity.

More questions?

You can reach us at hello@livekraft.com for technical support, feature requests, content suggestions, or just to say Hi

Seizure Warning: People who are sensitive to flashing lights should avoid viewing the screen during a refresh

4

Hey! I got the Mana Clue,
let me show you it works

5

6

E-Paper Display

The screen is flashing,
Why is that ?

7
Mana uses a special ultra low power, e-paper display with black, white, red and yellow colored pigments.

The normal operating mode is black and white (~1s fast refresh).

Rendering in color is slow
and takes ~ 20 seconds with the display refreshing multiple times to be able to collect all the pigment and drive them to the correct pixels.

Warning: Some people may be sensitive to such a flicker and should avoid viewing the screen refresh.

8

Interaction

Can I touch it ?

Single button operation using the  external touch input sensor

9
ON/OFF switch
can start/restart/switchoff the device

Touch button supports two kinds of actions
- **Short touch selects the next item**
- **Long touch executes the selected item.**

Tip: A short touch on the quotes screen will quickly show you the next quote in black and white. Leave it alone for a few seconds and it will render cleanly in color via a slow refresh

Too busy to do the full Wi-Fi Setup?
Just switch ON the ON/OFF switch
and Mana will start working in ~ 2 minutes

- 1) Install the Kraftlore app on your phone (QR link above)
- 2) Login to Kraftlore
- 3) Connect your phone to your home's Wi-Fi (2.4 Ghz only for Mana Clue)
- 4) Keep location/GPS ON (steps 3-4 needed only during Mana Wi-Fi Setup)
- 5) Go to the devices tab in Kraftlore (middle tab on the bottom navigation bar)

10

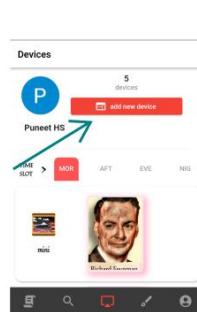

Wi-Fi Setup

Now for the Wi-Fi Setup,
follow my instructions carefully..
first time setup is a bit cumbersome

11

A) Fast Config

- 6) Click add new device
- 7) Click Fast WiFi Config

8) On Mana:
From Mana Main Menu goto
④> Settings menu
④> WiFi Config
④> Short touch to select "Fast Config"
④> Long touch to execute

← Generate User Config

MANA FAST CONFIG :

Device PIN (5-digits):

18379

Give your Mana a sweet name

choco

Start Fast Config

- 9) Enter the PIN shown on Mana and provide a short name
- 10) Click Start Fast Config
- 11) Allow permissions during app
- 12) CONNECT
- 13) Select your WiFi network and enter your WiFi password
- 14) PROVISION
- 15) Wait.. Mana will now pick up the connection.. Done

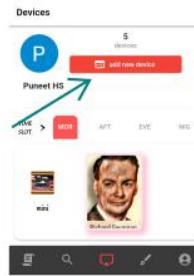

If fast config does not work.. use B) Old Scheme

13

B) Old Scheme

Some phones / routers do not support fast config, in which case please use this "Old Scheme"

Wi-Fi Config Screen on Mana

WiFi Config

- Stored WiFi > lo_lan
- Current User > Mana_Ind

SELECT

- BACK <-
- Fast Config
- Old Scheme
- User Config

8) On Mana:

- From Mana Main Menu goto
- ④> Settings menu
- ④> WiFi Config
- ④> Short touch twice to "Old Scheme"
- ④> Long touch to execute

- 6) Click add new device

- 9) Enter your WiFi Password, the PIN shown on Mana and provide a short name
- 10) Click Capture Device
- 11) Allow permissions during app
- 12) Wait.. Mana will now pick up the connection..

**If Old Scheme does not work,
restart the Kraftlore app and try again**

15

Content Selection

How do I select content
for my Mana ?

Using the Kraftlore app you can choose up to four topics (or "scrolls") for each device and assign a scroll for each part of the day - morning, afternoon, evening, and night. Then ask Mana to sync to this.

- > On Kraftlore open any scroll then click the 'attach to device' icon, this will take you to the devices page, where you can **select any timeslot** and **click** on the scroll presently assigned there.
- > Repeat 4 times for all the 4 timeslots
- > On Mana execute the "update scrolls" option from the "Scrolls" menu

17

Your Philosophy

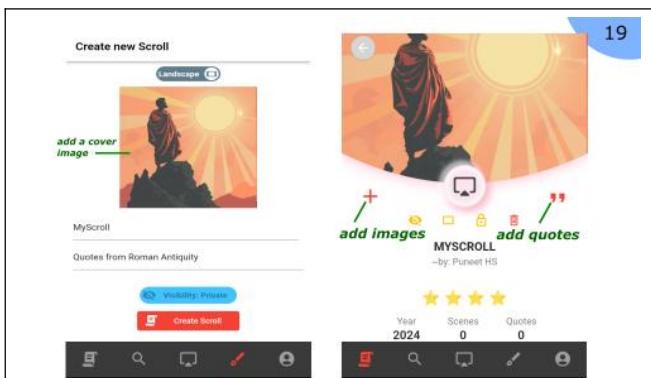

How do I create my own content
to display on Mana ?

Create your own scroll where you can add quotes and pictures to display on Mana

attach to device	
MARTIN LUTHER KING, JR.	
—by Master Scribe activist, leader civil rights movement, equality, social, american, black, Year Scores Quotes	
click to attach	

18

1) Create scrolls (4th tab), add a cover image, a title and description and then click 'Create Scroll'

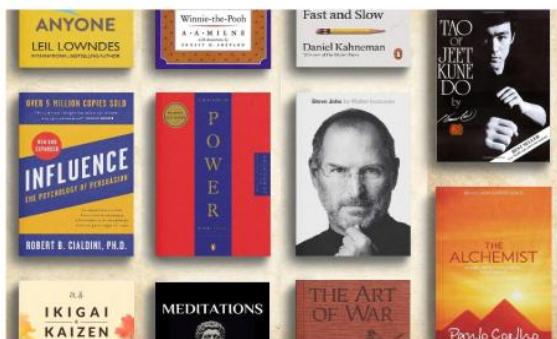

2) Open your new scroll

(You can find it on the main page: press the floating refresh button at the bottom right)

3) You can now add Quotes, Images or both.
(scrolls with only quotes and no images are easiest to maintain)

19

Kindle Highlights

Display highlights from your kindle ebooks on Mana

<p>On phone web browser</p> <p>>> Select all >> Copy</p> <p>I must only fight with shadow in my own defense, and argue when there is no one who answers.</p> <p>You can also add your highlights from the readwise app in a similar fashion</p>	<p>On Kraftlore</p> <p><- Quotes</p> <p>I found here a city of books and left it a city of marble</p> <p>paste here leave blank</p>	<p>21</p>
---	--	-----------

- 1) Create a new scroll in Kraftlore and go to the add quotes page
- 2) Go to <https://read.amazon.com/notebook> on your phone's browser
- 3) Open any book
- 4) long press on any word click "Select all" and then "Copy"
- 5) On Kraftlore paste the contents into the quote window and click >
- 6) Edit quotes if required
- 7) Attach this scroll on any timeslot
- 8) Execute "Update scrolls" on Mana

You can also add your highlights from the readwise app in a similar fashion

Contains FCCID:2AC7Z-ESPC3WRO0M

This device uses the 2.4G WIFI function and turns off the Bluetooth function

---	-----------

How is Mana different from other digital devices ?

- Non distracting: No lights, sounds, cameras or any anything else. Mana is a set and forget kind of device. It does only one thing and does it well; It adds new ideas and thoughtful moments to your day, everyday!
- Real wood body: Mana is made from wood and not plastic. Each piece has a unique grain pattern that makes every Mana special.
- Ultra low power consumption: Mana can run for four months on a single battery charge. This allows for a truly wireless experience.
- Beautiful ambient screen: Mana uses color e-paper and not LCD, so the screen is easy on the eyes and looks as natural as print on paper.
- Dedicated App: Choose your topics of inspiration on the Mana App and Mana will download quotes and images to inspire you.
- Calm technology: Mana works silently in the periphery of our attention field without being demanding; while infusing the surroundings with life, creativity, motivation and inspiration.

FCC Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Caution: Any changes or modifications to this device not explicitly approved by manufacturer could void your authority to operate this equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

RF Exposure Information

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator and your body.
