

<h2>User Manual</h2> <h3>3-in-1 Wireless Charging Station</h3>				
<h4>Product Introduction</h4> <p>This is a multifunctional desktop magnetic 3 in 1 wireless charging station, which can wirelessly charge mobile phones, headphones, and watches at the same time by power supply. Bid farewell wired shackles and start wireless experience.</p>		<h4>Product Parts Description</h4> 	<h4>Specifications</h4> <p>Input: DC 9V/3A, 5V/3A Charging Distance: ≤10mm Output: 15W/10W/7.5W/5W/2.5W Charging Efficiency: ≤80% Product Standard: Qi Product Dimension: 66*66*105mm Earphone Output: 5W Product Material: ABS+Tempered Glass Watch Output: 2.5W Input interface: Type-C port</p>	<h4>Indicators and Protection</h4> <p>1. Standby mode: the white LED light keeps on. 2. Charging mode: the ice blue LED light keeps on. 3. FOD function: when put metal or magnet objects on the charger, the ice blue LED light will flash 6 times and stops charging. 4. Perfect protective function based on over-voltage, over-current, over-temperature and short-circuit protection.</p>
<h4>Attention</h4> <p>1. Please do not vigorously extrude or collide. 2. Please do not dismantle or put it into fire or water when the product is power on, to avoid short circuit or leakage. 3. Please do not use it in severely high temperature, high humidity or corrosive environment, to avoid damage to the circuit leakage. 4. Please do not put the magnetic strip or chip card (Such as ID card, bankcard etc.) on the charging pad to avoid causing magnetic card loss of efficacy. 5. Please do not put the metal (Such as coin etc.) on the charging pad when charging, to avoid damage from heating.</p>				

Fast Wireless Charging requires PD30W or above adapter.

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.
Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.
However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
—Reorient or relocate the receiving antenna.
—Increase the separation between the equipment and receiver.
—Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
—Consult the dealer or an experienced radio/TV technician for help.
This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.
