Metallic Design

Pocket Case

Uneven Surface

>0.12 Inch  
(3 mm)

Case > 3mm

## Troubleshooting for Charging Issues

### Phone Not Charging Consistently

1. Make sure the case less than 3mm, and remove metal objects.
2. Adjust phone to the correct charging position.
3. Unplug the charging adapter and plug it back in.

### AirPods Not Charging

1. AirPods Pro 1-2 or AirPods 2-4 with MagSafe/Wireless cases are compatible.
2. AirPods 1-4 with Lightning/USB-C cases are not compatible.
3. Check your AirPods package or order to make sure your AirPods support wireless charging.

### Watch Not Charging

1. Unplug the charging adapter and plug it back in.
2. Update watch software through Watch app on the Phone > General > Software Update.

## Customer Support

Dear Customer,

Thank you for your purchase!

We deeply value your support and strive to prioritize your needs. Our commitment to quality is ever-evolving, and we embrace customer needs as opportunities for improvement.

If you encounter any issues, please don't hesitate to contact us:

[cs@elexware.com](mailto:cs@elexware.com)

We are here to listen to your concerns and gladly assist with refunds or replacements to ensure your good shopping experience.

We truly appreciate your business and hope you enjoy our products and services!

**FCC Warning Statement:** Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

#### **FCC Radiation Exposure Statement**

The antennas used for this transmitter must be installed to provide a separation distance of at least 20 cm from all persons and must not be co - located for operating in conjunction with any other antenna or transmitter.
