These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:</p> <ul style="list-style-type: none"><li>- Reorient or relocate the receiving antenna.</li><li>- Increase the separation between the equipment and the receiver.</li><li>- Connect the equipment to an outlet on a circuit different from that to which the receiver is connected.</li><li>- Consult the dealer or an experienced radio / TV technician for help.</li></ul> <p>Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.</p> <p>This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:</p> <ul style="list-style-type: none"><li>(1) This device may not cause harmful interference, and</li><li>(2) This device must accept any interference received, including interference that may cause undesired operation.</li></ul> <p>The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.</p> <p>FCC ID: 2BNUX-FY003</p>	<p><b>IC CAUTION</b></p> <p>Radio Standards Specification RSS-Gen, Issue 5</p> <p><b>English:</b> This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions: This device may not cause interference. This device must accept any interference, including interference that may cause undesired operation of the device.</p> <p><b>RF exposure statement:</b> The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.</p> <p><b>French:</b> Cet appareil contient des émetteurs / récepteurs exemptés de licence conformes aux RSS (RSS) d'Innovation, Sciences et Développement économique Canada. Le fonctionnement est soumis aux deux conditions suivantes: Cet appareil ne doit pas causer d'interférences. Cet appareil doit accepter toutes les interférences, y compris celles susceptibles de provoquer un fonctionnement indésirable de l'appareil.</p> <p><b>Déclaration d'exposition RF:</b> L'appareil a été évalué pour répondre aux exigences générales d'exposition aux RF. L'appareil peut être utilisé dans des conditions d'exposition portable sans restriction.</p> <p>IC:33882-FY003</p>
Answer call	Press L or R twice																																			
End call	Press L or R twice																																			
Reject call	Long press left or right ear																																			
Switch modes	Long press R earphone for 2 seconds to switch:Normal mode -> Noise reduction mode -->Transparent mode																																			
<b>LED indicator (earphone)</b>																																				
Power on	White flashes																																			
Power off	The white light on 2s and then turn off																																			
Pairing is successful	The white light on 1s and then turn off																																			
Pairing timed out	The white light on 2s and then turn off																																			
Connection is over distance	White light flashes slowly																																			
Disconnect the phone	White flashes																																			
Low battery	White light flashes slowly																																			
Low power off	The white light on 2s and then turn off																																			
<b>LED indicator (charging case)</b>																																				
Charging	The white light continues to flash slowly, and the white light is full and on																																			
Discharge	When the charging case charges the earphones, the white light stays on and turns off when it is full
