

Instruction Manual

MODELL: TCSP-001	COLOUR: WHITE/ BLACK/OTHER	SIZE: D17*H16CM
MATERIAL: ABS+PVC	RATED POWER: 8W	WIRELESS CHARGING: 15W
INPUT VOLTAGE: DC 5V 1A	CHARGING TIME: 2-3H	DISCHARGE: 2-4H
BATTERY CAPACITY:1200MAH	CHARGING: USB/TYPE-C	CONTROL: BUTTON+ REMOTE CONTROL

I.WARNING: Contains lithium-ion batteries. Do not short-circuit, disassemble, or expose to high temperatures. Follow local regulations for disposal. Use only with designated charger. Overcharging may cause explosion or fire.

II. NOTED:USB CABLE CONNECTION IS REQUIRED FOR WIRELESS CHARGING

III. PRODUCT INSTRUCTIONS

- 1. Charge using a DC 5V 1A plug;
- 2. Red indicates charging, disappearance of red indicates fully charged;
- 3.Open your phone and pair it with a Bluetooth speaker.

Control music playback through mobile phone or remote control

- 4. ⏮ Long press decrease the volume; Short press, previous song
- 5. ⏭ Long press increase volume; Short press, next song
- 6. ⏻ Long press turn on/off; Short press play/pause
- 7. 💡 Projection lamp mode Switching-10 mode loop
- 8. 🎵 Switch RGB mode, 12-mode loop

Battery not included buy it yourself

This device complies with part 15 of the FCc Rules.Operation is subject to the following two conditions:(1)This device may not cause harmful interference, and(2)this device must accept any interference received,including interference that may cause undesired operation
When using the wireless charging function, this device can only be charged via an external power source.
The battery does not support wireless charging

Bluetooth FCC Warning

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

NOTE 1: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

NOTE 2: Any changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

Wireless charging FCC Warning

To maintain compliance with FCC'S RF Exposure guidelines, This equipment should be installed and operated with minimum 20cm between the radiator and your body. This device and its antenna(s) must not be co-located or operation in conjunction with any other antenna or transmitter.
