

<p><b>MAGNETIC WIRELESS CHARGER</b></p> <p><b>User Manual</b></p> <p><b>PRODUCT DESCRIPTION</b></p> <p>Thank you for your choice and trust. This is an ultra-thin magnetic wireless charger designed for the iPhone 12 series of ultra-thin magnetic wireless fast chargers, which can be more accurately positioned and make charging more efficient. Support 5W/7.5W/10W/15W multiple modes of charging, intelligent fast charging does not damage the machine. Magnetic wireless charging, compact, light and easy to carry</p> <p><b>PRODUCT PARAMETER</b></p> <p>Product name: Magnetic wireless charger Input: 5V/2A, 9V/2A Output: 2.5W/5W/7.5W/10W/15W Charging induction: ≤8 mm Compatibility: Support wireless charging devices that comply with the Qi standard. Magnet only supports iPhone 12 series</p> <p>△The above parameters are derived from the product</p>	<p>plan agreement, and the actual parameters are based on the product different factors such as parts and external temperature</p> <p><b>PACKING LIST</b></p> <p>Wireless charger *1 Manual *1</p> <p><b>INSTRUCTIONS FOR USE</b></p>  <ol style="list-style-type: none"> <li>1. The wireless charger comes with a 1m cable, connect the adapter to the power supply.</li> <li>2. Put on a mobile phone that supports magnetic suction, and the wireless charger will automatically aim at the mobile phone and directly magnetically charge it</li> </ol>	<p><b>PRECAUTIONS</b></p> <ol style="list-style-type: none"> <li>1. It is recommended to use a high-power adapter above 20W for better experience.</li> <li>2. This product has input over-current and over-voltage protection function, if impr oper use will shut down or reduce the output power, please check whether the equipment is abnormal or improper use</li> <li>3. Keep the operating environment temperature at 0-25°C. Do not place the product in water, fire, high (&gt;40°C) and low temperature (&lt;-20°C) environments, and keep out of children's reach</li> <li>4. Please use a dry soft cloth to clean the surface, do not use chemicals, soap or detergent to clean</li> <li>5. Improper use or improper placement of this product by the user may result in loss of life or damage to this product, which is not covered by the warranty, please understand</li> </ol>	<p><b>FCC WARNING</b> This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures: – Reorient or relocate the receiving antenna. – Increase the separation between the equipment and receiver. – Connect the equipment into an outlet on a circuit different from that to which the receiver is connected. – Consult the dealer or an experienced radio/TV technician for help. To maintain compliance with FCC's RF Exposure guidelines, This equipment should be installed and operated with minimum 20cm distance between the radiator and your body: Use only the supplied antenna.</p>
