Technical Parameter

1. Internal Antenna		
No.	Part Name	SPEC
1	Frequency Range	20-30MHz
2	Impendence	50 ohm nominal
3	Gain	0dBi (Max)
4	Polarization	LINE
5	VSWR	≤ 1.5
6	Efficiency	$\geq 18\%$
2. Environmental Characteristics		
No.	Part Nam	SPEC
1	Operation Humidity	5~95% noncondensing
2	Operating Temperature	-20~+60°C
3	Store Temperatuer	-30~+70°C

We statement that All measurements were performed radiated and therefore additional antenna gain documentation is not required.
