- (1)将本产品开机，此时红灯闪烁，将设备插入手机，电脑，电视，平板，MP3，CD播放机的AUX接口与蓝牙耳机，车载蓝牙音响自动配对，配对成功后红灯亮，即可畅听电脑，电视的音乐。

■ 产品参数

产品名称： 蓝牙接收发射通话三合一

蓝牙版本： 5.1

产品材质： ABS

蓝牙传输距离： 无障碍15米

产品尺寸： 66*20*12mm

产品重量： 10g

蓝牙传输协议： A2DP/AVRCP

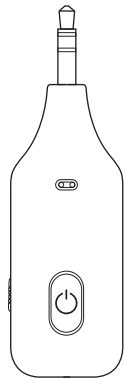

充电电压： DV5V

蓝牙通话： 支持

输入输出方式： 3.5mm(AUX) 音频头

适用场景： 各类音响/车载/电脑/电视/功放等

Bluetooth receiver transmitter

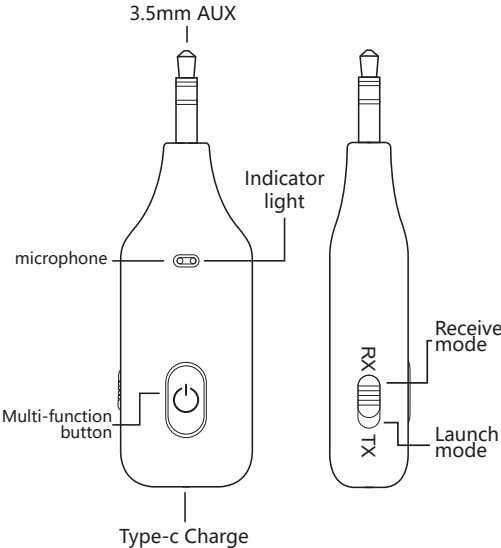

Model: A60

Instructions for use

1.In receiving mode (RX):

① Long press the power button, the blue light flashes, plug the device into the headset of the AUX interface or On the speaker, turn on the bluetooth of the mobile phone and select "A60" in the bluetooth list to proceed After pairing and the connection is successful, open the mobile phone music player software, you can Enjoy music.

② When there is an incoming call, short press the power key to answer or hang up the call

2.In transmit mode (TX):

(1)Turn on the product, the red light flashes at this time, plug the device into the mobile phone, computer,AUX interface of TV, flat panel, MP3, CD player and Bluetooth headset,The car Bluetooth speaker is automatically paired, and the red light is on after the pairing is successful, and you can listen Computer, TV music.

Product parameter

Product name: Bluetooth receive, transmit and call three in one

Bluetooth version: 5.1

Product material: ABS

Bluetooth transmission distance: 15 meters without barriers

Product size: 66*20*12mm

Product weight: 10g

Bluetooth transmission protocol: A2DP/AVRCP

Charging voltage: DV5V

Bluetooth call: support

Input and output mode: 3.5mm (AUX) audio head

Applicable scenarios: all kinds of audio/car/computer/TV/ amplifier, etc.

FCC Warning

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

NOTE 1: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

NOTE 2: Any changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.
