

# Crazy Bouncing Ball

## USER MANUAL

## INTRUCTION

### 1.Switch ON/OFF

Long press to turn the device on or off.

### 2.Mode Selection

Lightly press to select the working mode. Wait for 15 seconds, then activate by tapping the toy or pressing the remote control's power button. (Ensure the ball is installed before operation.)

### Three Modes

1-Blue Indicator Light: Regular mode – bounces, lightly jumps, and shakes for 30 seconds before entering standby. Suitable for energetic and curious dogs.

2-Green Indicator Light: Bounce mode – bounces for 5 seconds before entering standby. This mode has stronger bouncing and is suitable for lively and playful dogs.

3-Pink Indicator Light: Light jump or shake mode – lightly jumps or shakes for 30 seconds before entering standby. This gentler mode is suitable for shy or timid dogs.

### 3.Standby/Activation

When the toy is in standby mode, tap the toy or press the remote control's power button to activate it.

### 4.Charging

1.The product is powered by a built-in rechargeable lithium battery.

2.Low battery: Red light flashes before shutting down.

3.Charging: Red light is on

4.Fully charged: Green light is on.

**Note: Please use a power supply with an output of 5V 1A/2A/3A for charging.**

### 6.Adjustable angles

Long press to turn the device on or off.

Lightly press to select the working mode.

Indicator light

TYPE-C

ON/OFF

Switch modes

/	Dimensions: 3.1 inches
/	Input: DC 5V/1A
/	Remote Control Battery: CR2016 × 2

## FCC Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Caution: Any changes or modifications to this device not explicitly approved by manufacturer could void your authority to operate this equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

RF Exposure Information

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

## Precautions

- 1.This toy is intended for dogs and cats only. Keep it out of reach of children and use under adult supervision.
- 2.If the ball's outer shell is damaged by chewing, affecting its use, a replacement shell can be purchased.
- 3.For easy cleaning, wipe off any dirt. Ensure the shell is tightly secured before rinsing.
- 4.No toy is indestructible. Regularly inspect the toy for damage. If wear or breakage is found, recycle it properly immediately.
- 5.The toy contains a built-in lithium battery. Do not discard it randomly to avoid environmental impact. Please recycle it responsibly.
- 6.We recommend that pet owners supervise their dogs during play and teach them how to interact with the ball properly rather than just chewing it. This also helps strengthen the bond between you and your dog.
