<p>Charge mode 2:</p> <p>In Desktop Mode</p> <p>① Setting Up The Device in Desktop Mode.</p>  <p>② Connect the L-Shaped Type-C connector to the USB-C charging port. 2. Connect the Type-C connector to a Type-C PD charger (not included).</p>  <p>③ Charging Your Devices.</p>  <p>Reminder:</p> <p>Please read all instructions and warnings before using this product. Improper use will damage the product or personal safety.</p> <p>1. The charging contact surface on the back of the mobile phone does not contain metal substances, such as metal sheet / ring, metal protective case, etc.</p>	<p>2. When the mobile phone is charging, if intermittent charging or serious heating is found, it is likely that the receiving coil of the mobile phone is not fully aligned with the wireless charging coil, and / or there are metal foreign bodies in the protective case of the mobile phone. Please try to cool the mobile phone, remove the protective case, and then align it in the normal position.</p> <p>3. This product has over-current protection function. If the product is used improperly, it will turn off or reduce the output power, reduce the charging speed and ensure safety. Please check whether the equipment is used improper or not.</p> <p>4. Do not place the product in water, fire, medium high temperature environment (more than 50 C) and low temperature environment (less than - 20 C) Do not play with children, especially the accessories.</p> <p>5. There is conversion rate in mobile power supply, so the battery capacity of mobile power supply is not equal to the rechargeable capacity.</p>	<p>6. Please charge your power bank regularly (at least 5 months is recommended) to maintain its long service life.</p> <p>7. Improper use of the product may easily result in the product itself or endanger the safety of personal and property.</p> <p>8. Avoid strong physical effects, including knocking, throwing, trampling, squeezing,etc.</p>	<p>Parameter information</p> <table border="1"><tr><td>Model</td><td>D36</td></tr><tr><td>Battery Capacity</td><td>10000mAh</td></tr><tr><td>Rated Capacity</td><td>5800mAh 5V-2A</td></tr><tr><td>USB-C Input</td><td>5V-3A / 9V-2A</td></tr><tr><td>USB-C Output</td><td>5V-3A / 9V-2A / 12V-1.5A</td></tr><tr><td>Phone Wireless Charging</td><td>5W / 7.5W / 10W / 15W</td></tr><tr><td>iWatch Wireless Charging</td><td>2.5W</td></tr><tr><td>TWS</td><td>5W</td></tr></table> <p>FCC CE RoHS  </p> <p>Made in China</p>	Model	D36	Battery Capacity	10000mAh	Rated Capacity	5800mAh 5V-2A	USB-C Input	5V-3A / 9V-2A	USB-C Output	5V-3A / 9V-2A / 12V-1.5A	Phone Wireless Charging	5W / 7.5W / 10W / 15W	iWatch Wireless Charging	2.5W	TWS	5W

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC Radiation Exposure statement

The device has been evaluatec to mee general RF exposure requirement. The device can be used in portable exposure condition without restriction.
