

# INSTRUCTION

AM FM DUAL BAND RECEIVER

- ① Frequency Indicating Window: Tells the AM/FM frequency you are listening to.
- ② Earphone Jack: To connect 3.5mm earphone.
- ③ Volume Control Knob: Rotate upward to turn the volume up; Rotate downward to turn the volume down.
- ④ Telescopic Antenna: Adjust the length and direction to get a better FM reception.
- ⑤ Built-in Speaker: 16Ω 0.5W
- ⑥ Power & Band Switch: Slide to turn on or off radio / switch radio band to be AM or FM.
- ⑦ Tuning Knob: Rotate upward or downward to adjust frequency of AM and FM.

## Simple Design for Simple Use:

- ① Open the battery cover at the back and connect 3 AA batteries(not included).
- ② Slide the switch to turn on radio and choose AM or FM band.
- ③ Rotate the volume knob to adjust the sound volume.
- ④ Adjust frequency to be the station you want.

## Troubleshooting:

- ① If you have a bad reception please open the telescopic antenna and change the length and direction to improve the reception.
- ② The magnetic antenna inside the radio is used for AM reception, rotating the radio body can achieve better reception when the signal is weak.
- ③ If the reception is still weak please replace the batteries.

## Parameters and Features

- ◇ AM/FM 2 Bands  
(AM : 520-1710KHz, FM:87.5-108MHz)
- ◇ Input: 3 x AA Batteries(not included)
- ◇ High Quality Loud Speaker 16Ω 0.5W
- ◇ 3.5mm Headphone Jack(**Stereo output**)
- ◇ Easy to Tuning
- ◇ Excellent Reception
- ◇ Ultra-Portable
- ◇ Size: 67\*27\*119mm

## Packing

- Radio\*1
- Instruction\*1
- Carring Strap\*1

1) FCC 15.19

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

2) FCC 15.21

Warning: Changes or modifications to this unit not expressly approved by the part responsible for compliance could void the user's authority to operate the equipment.

3) FCC 15.105

For a Class B digital device or peripheral, the instructions furnished the user shall include the following or similar statement, placed in a prominent location in the text of the manual:

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the

equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.
