

Molly&Cody GTK-11 User Manual

1. Product Introduction

1.1 Basic Information

- **Product Name:** Molly&Cody Tracker T1
- **Model:** GTK-11
- **Communication Bands:**
 - LTE-FDD: B2/4/5/7/12/14/17/25/26/66
 - LTE-TDD: B41
- **Battery Capacity:** 500mAh / 3.85V Polymer Battery
- **Positioning Modes:** GPS / LBS / Bluetooth
- **Charging Port:** Type-C
- **Charging Input:** DC 5V, 1A
- **Waterproof Rating:** IP67
- **Operating Temperature:** -10°C to +60°C
- **Dimensions:** 43 × 43 × 12mm
- **Weight:** Approx. 25g

1.2 Package Contents

- **Main Device × 1**
- **Charging Cable × 1**
- **Protective Case × 1**

⚠ Note:

The actual product accessories may vary. As the product is continuously updated and optimized, the content of this manual may be subject to change without prior notice.

2. Product Description

2.1 How to Use

● Step 1: Powering On

1. Open the package and take out the tracker.
2. Press and hold the center button for 5 seconds.
3. The green light will stay on for 3 seconds, indicating that the device is successfully powered on.

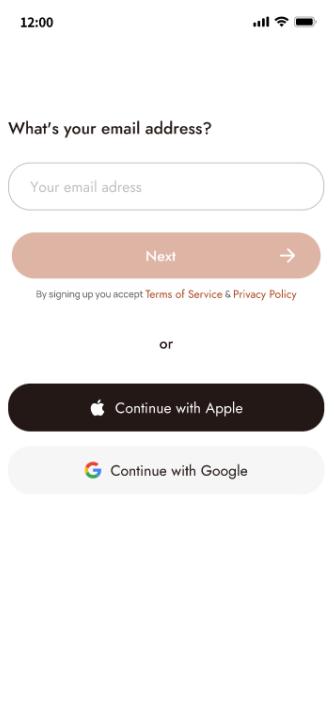

- **Step 2: Downloading the Molly&Cody APP**

- Scan the QR code below to download the **Molly&Cody APP**.

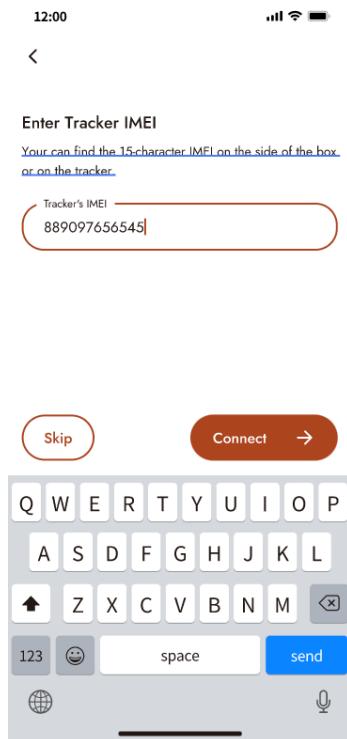

- **Step 3: Registering an APP Account**

1. Open the app and skip the welcome page.
2. Register an account using your email.

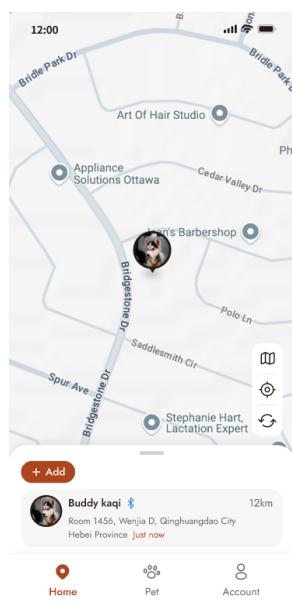

● Step 4: Adding, Binding & Activating the Device

1. Enter the **IMEI number** from the package box.
2. Click the **Continue** button to add the device automatically.

● Step 5: Accessing the Main Interface

Once activation is complete, you can access the app's **main interface** and use the various functions.

2.2 LED Indicator Instructions

Power On	Green light stays on for 3 seconds, then turns off
Low Battery	Red indicator flashes 3 times
Normal Operation	Green indicator lights up for 1 second
Charging	Red light stays on while charging, turns green when fully charged

2.3 Charging Instructions & Safety Precautions

- Connect the charging cable to the device.
- **Charging Status:**
 - **Red light on** → Charging
 - **Green light on** → Fully charged

⚠ Important Notes:

1. If the battery is completely drained, it may take approximately **1 hour** to fully charge. A slight warming of the device during charging is normal.
2. The product does **not** include a charger. You can use a **DC 5V 1A adapter** or a computer **USB port** for charging.
3. To ensure safety, use a **certified 3C power adapter** from reputable sources. **Avoid low-quality chargers**, as they may pose risks of explosion or fire.
4. The device uses a **Type-C charging port**. Apart from the included charging cable, you may also use other **3C-certified USB-C charging cables**.

3. Important Safety Instructions

Please read the following instructions carefully before using the product. Failure to comply may result in **damage, injury, or voiding the warranty**.

Restricted Usage Areas

- **Medical Equipment & Healthcare Facilities:**

- Wireless devices (including this product) may interfere with poorly shielded **medical equipment**.

- If you or those around you are using **medical devices**, consult with authorized personnel or the equipment manufacturer to confirm **safety requirements**.

- **Pacemakers:**

- Keep the device at least **16 cm (6 inches)** away from pacemakers.

- **Do not** carry the tracker in a **shirt pocket**.

- If interference is suspected, turn off the device immediately.

- **Flammable & Explosive Areas:**

- **Do not** use this product in **fuel depots, chemical plants, or near explosives**.

- **Airplane Safety:**

- Turn off the device during takeoff and flight.

- **Operating Temperature:**

- Ensure usage within the recommended temperature range (**-10°C to 60°C**).

- Extreme temperatures may cause malfunctions, fire, or **explosion**.

- **Battery Safety:**

- **Do not** disassemble or modify the battery.

- **Do not** expose the battery to **fire or high temperatures**.

- Improper handling may result in overheating, fire, or **explosion**.

Environmental Protection

- **Avoid** strong impacts or vibrations that may damage the device or accessories.
- **Before cleaning**, turn off the device. Use a soft **dry cloth** to clean the surface.
- To prolong battery life, **keep the battery charged** when not in use.
- Store in a **dry, ventilated, and shaded place** when not in use.
- Do **not** touch the power cable or device with **wet hands** to prevent electric shock.

Maintenance & Disposal

- **Do not dispose of** the device as **regular household waste**.
- Refer to local regulations for **proper electronic waste disposal**.

4. Hazardous Substances Table

Component	Lead (Pb)	Mercury (Hg)	Cadmium (Cd)	Hexavalent Chromium (Cr(VI))	PBBs	PBDEs
Circuit Board	○	○	○	○	○	○
Casing	○	○	○	○	○	○
Battery	○	○	○	○	○	○
Wires	○	○	○	○	○	○

Legend:

- ○: Complies with GB/T 26572 standards (within safe limits).
- X: Exceeds GB/T 26572 limits.

5. Warranty & After-Sales Service

Read the Manual

We strongly recommend reading the user manual carefully before using this product.

Handle Packaging Damage

For returns or exchanges due to personal reasons, the packaging must remain intact and suitable for resale.

Return/Exchange Requirement

If any parts are missing or damaged due to packaging (upon our confirmation), we will ship a replacement.

Exclusions from Warranty

Any damage caused by disassembly or improper use is not covered under warranty.

15
days

Keep Original Packaging

We recommend keeping the original packaging for 15 days after receiving the product.

1
year

One -Year Warranty

We offer a 1-year free warranty service from the date of purchase.

Provide Evidence of Damage

Please provide photos and videos of the damaged packaging, defective parts, or malfunctions, and send them to the following email.

Contact for Technical Issues

Wishing you and your pet a wonderful life!

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body
