Spray function description

FCC Warning Statement

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and

(2) this device must accept any interference received, including interference that may cause undesired operation.

NOTE: This device and its antenna(s) must not be co-located or operation in conjunction with any other antenna or transmitter.

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

Meteoro super corrida

NO:HH1104

Forward/backward

Operate the remote control forward/backward function button, control the remote control car forward and backward

Turn left/right

Operate the remote control left/right turn function button, control the remote control car left and right turn

Left drift/right drift

Operate the remote control left horizontal/right horizontal function button, control the remote control car Left drift and right drift

360° rotation

Long press the remote control to turn left or right to control 360 degree rotation of the remote control car

spray

Operate the remote control spray function button, control the remote control car spray

Automatic demonstration

Operate the remote control automatic demonstration function button, control the remote control car in different directions automatic demonstration
