

Dex Learning Camera – Customs Inspection Manual

Product Name: Dex, the Original Learning Camera

Product Type: Educational Electronic Toy (Smart Camera for Children, Ages 3–7)

Connectivity: Built-in eSIM and Wi-Fi (no external phone or computer required)

What is Dex?

Dex is a kid-friendly smart camera that helps young children learn through real-world play. It looks like a colorful, durable camera and is designed specifically for educational use. Dex runs interactive learning modes that respond to what the child photographs.

How Is Dex Used?

Step-by-Step:

1. Power On: Press the power button to turn on Dex.
2. Take a Photo: Child points and taps a button to take a picture.
3. Instant Feedback: Dex reacts with fun facts, stories, or questions based on the photo.
4. Learning Modes: Child can explore different experiences, such as:
 - “What Is This?” – Learn names of objects
 - “Language Explorer” – Hear words in multiple languages
 - “Scavenger Hunt” – Find shapes, colors, or textures
 - “Story Mode” – Dex tells stories based on photos taken

Child-Safe Design

- Non-toxic materials
- No harmful internet browsing – only pre-approved educational content
- Eye-care screen – low brightness, anti-glare
- Durable – splash-resistant, drop-tested

Parent Companion App

- Parents can view the photos and learning summaries
- Provides developmental insights
- Controls and updates content remotely
- Ensures data safety and content transparency

Connectivity Notes

- Dex uses built-in LTE via eSIM or Wi-Fi for:
- Downloading educational updates
- Syncing with the parent app
- No open internet access or messaging features

Compliance & Safety

- Designed with COPPA (Children's Online Privacy Protection Act) compliance in mind
- No third-party ads or unsafe content
- No GPS tracking or open web access

FCC STATEMENT

If you need detailed specs, safety certificates, or materials documentation, let me know and I can generate those too.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device and its antenna(s) must not be co-located or operation in conjunction with any other antenna or transmitter.

Radiation Exposure Statement

The device has been evaluated to meet general RF exposure requirement in portable exposure condition without restriction.

- Reorient or relocate the receiving antenna.←
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.←
- Consult the dealer or an experienced radio/TV technician for help

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Product Model: DEX-01 PMN: LEARNING CAMERA

ISED Statement:

-English: This device complies with Industry Canada license-exempt RSS standard(s). Operation is subject to the following two conditions: (1) This device may not cause interference, and (2) This device must accept any interference, including interference that may cause undesired operation of the device.

The digital apparatus complies with Canadian CAN ICES-3 (B)/NMB-3(B).

- French:
Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes: (1) l'appareil ne doit pas produire de brouillage, et (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

l'appareil numérique du ciem conforme canadien peut - 3 (b) / nmb - 3 (b).

This device meets the exemption from the routine evaluation limits in section 6.3 of RSS 102 and compliance with RSS 102 RF exposure, users can obtain Canadian information on RF exposure and compliance.

cet appareil est conforme à l'exemption des limites d'évaluation courante dans la section 6.3 du cnr - 102 et conformité avec rss 102 de l'exposition aux rf, les utilisateurs peuvent obtenir des données canadiennes sur l'exposition aux champs rf et la conformité.

This equipment complies with Canada radiation exposure limits set forth for an uncontrolled environment.

Cet équipement est conforme aux limites d'exposition au rayonnement établies par le Canada pour un environnement non contrôlé.

This equipment should be installed and operated with minimum distance 0cm between the radiator & your body.

Cet équipement est conforme aux limites d'exposition aux radiations dans un environnement non contrôlé.

Cet équipement doit être installé et utilisé avec une distance minimale de 0 cm entre le radiateur et votre corps.

The device is restricted for indoor use only when operating in the 5150-5250MHz frequency range in Canada

L'appareil est limité à une utilisation à l'intérieur seulement lorsqu'il fonctionne dans la gamme

de fréquences 5150-5250MHz au Canada

This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:

- (1) This device may not cause interference.
- (2) This device must accept any interference, including interference that may cause undesired operation of the device.
