

# LED SOCKET FAN

Your Socket Becomes a Fan & Light!

## Universal E26 Base

Easy to Screw in Place Like a Bulb

**Super  
Bright light**

**Quiet  
Powerful**

**Wireless  
Cordless**

## Product structure:

## Product feature :

- 1.Brushless motor, lightweight PC fan blade and superb wind power.
- 2.Eco-friendly PP material, durable, anti-pressure, anti-vibration, longer life.
- 3.5 levels of adjustable wind speed, 3 levels of color temperature.
- 4.Fits StandardLight Sockets.
- 5.With timing function
- 6.Support remote control
- 7.No wiring required, just use it when connected to electricity
- 8.Multiple adjustable brightness levels

## 1.Easy To Install

No tools required

- ① Please ensure that the power supply is disconnected before installation

- ② Install the fan blades firmly until you hear a "click" sound.

Install with the texture side facing up(Notice)

- ③ It Only can be installed on stationary light socket E26. (Do not install on any non-stationary or loose setting light socket)

- ④ Supports remote control, three types of lights are adjustable, 5 levels of wind speed are adjustable, and multiple levels of timing are adjustable

## Caution:

- 1.Do not insert your hands or foreign objects into the air inlet and outlet, as this may cause accidents or damage the product. (Adult supervision is required for children under 3 years of age).
- 2.Do not use the product in a wet environment (e.g. bathroom), contact with water may cause the product to malfunction or be damaged.
- 3.Keep this product in a cool, dry place out of the reach of children.
- 4.Do not disassemble, modify or repair the product by yourself.
- 5.Use away from sources of ignition, as this may result in accidents and product damage.

## Basic parameter:

PRODUCT MODEL	LED FAN LIGHT
SPEED CONTROL	REMOTE SPEED ADJUSTMENT
INPUT VOLTAGE	85V-265V
INPUT CURRENT	0.3A
OUTPUT POWER	12W-30W
LED POWER	12W
PRODUCT SIZE	520mmX520mmX170mm
PRODUCT WEIGHT	900G

FCC Warning:

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Caution: Any changes or modifications to this device not explicitly approved by manufacturer could void your authority to operate this equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 0cm between the radiator and your body.
