Declaration Letter

2025-7-28

To Whom It May Concern:

Due to power consumption issues, the simultaneous operation of WiFi and WWAN modules will significantly increase power consumption and shorten the device's battery life. For BODY CAMERA/T3(FCC ID: 2BOX9-T3BC03A, IC:33880-T3BC03A), battery life is an important performance indicator. We have imposed restrictions on the product at the software level, preventing its WIFI and WWAN from simultaneous transmission

If you have questions or need further information, please contact the undersigned.

Sincerely,

Zepcam B.V.
