HARLEY-DAVIDSON®

RETRO RADIO USER MANUAL

BUTTON FUNCTIONS

- ① Tuning
- ② Function Band Selector
- ③ Volume Control
- ④ LED indicator
- ⑤ Antenna
- ⑥ AC Socket

OPERATION

POWER CORD OPERATION

Connect the AC power cord to AC power input. Connect power cord to an outlet

BATTERY OPERATION

Remove AC power cord and remove the battery compartment cover. Install two UM-1, R20 or D Cell batteries into the battery compartment, strictly follow the polarity markings illustrated in the compartment.

ON/OFF

Switch on the power switch before operation and turn off when not in use.

RADIO OPERATION

Set the band switch to the position of your desired frequency. (AM/FM)

Turn the knob to tune into your desired radio station and adjust volume control to desired level.

Note: When listening to AM broadcast, rotate or change location of radio to obtain the best reception. When listening to FM broadcast, it's important to adjust the length of antenna for stronger signal.

BLUETOOTH FUNCTION

Turn the function switch to Bluetooth position to play music. **Bluetooth Device Name:** RIDEFREE

SPECIFICATIONS

Frequency Range:

EU - AM: 530-1600 KHz FM: 88-108 MHz

USA - AM: 520-1710 KHz FM: 88-108 MHz

Power:

EU - AC: 220V / 50Hz DC: 3V / LR20 1.2W

USA - AC: 110V ~ 60Hz DC: 3V = (1.5V*2 LR20)

Speaker: 40 HM/3W

FCC Warning Statement: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

FCC Radiation Exposure Statement

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.
