NEVER JUST GLASSES

User Guide

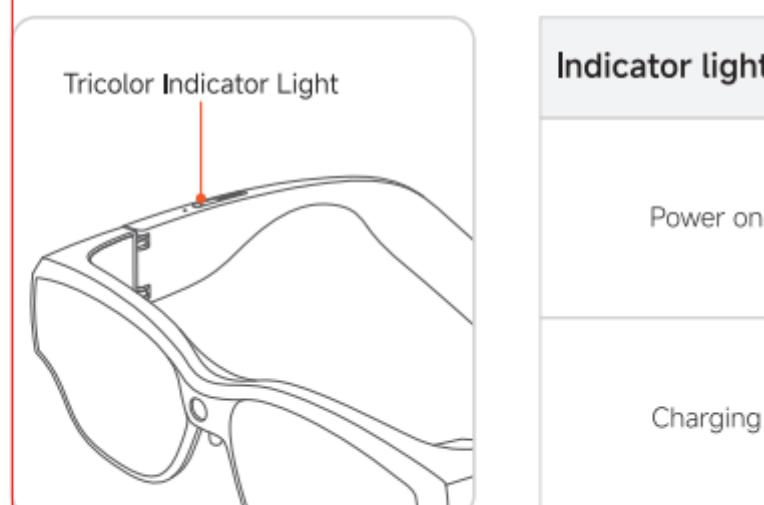

Power LED Indicators

Glasses:

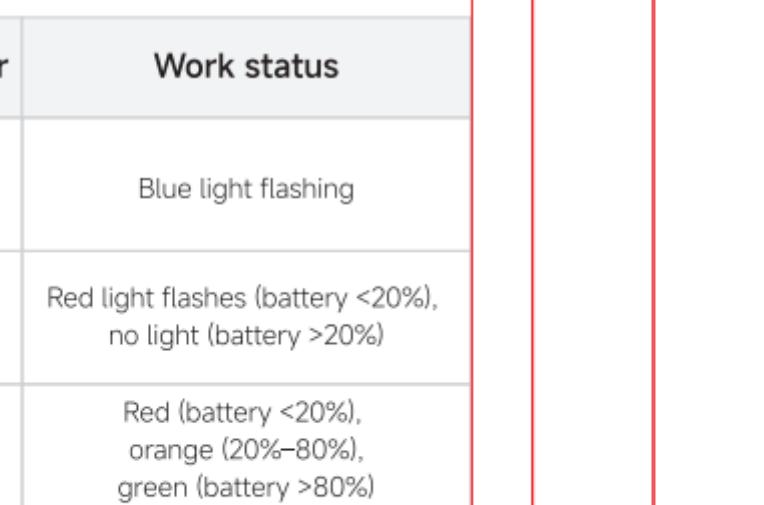

Tip: Use a 5V/2A charger. Fully charge before first use.

Indicator light color	Work status
Power on	Blue light stays on
Charging	Red (battery <20%), orange (20%-80%), green (battery >80%)

06

Ring

07

Mobile App

Daily Care:

Use a blow or soft brush to remove dust from the inner side of the light wave lens or gaps.
Note: iOS users can search and download from the App Store.

Lens Cleaning:

Wipe the light wave lens with the included cloth.

Storage:

Store the glasses in the portable case during transportation to prevent damage.

Indicator light color	Work status
Pairing mode	Blue light flashing
Connected	Red light flashes (battery <20%), no light (battery >20%)
Charging	Red (battery <20%), orange (20%-80%), green (battery >80%)

INMO AIR3 APP

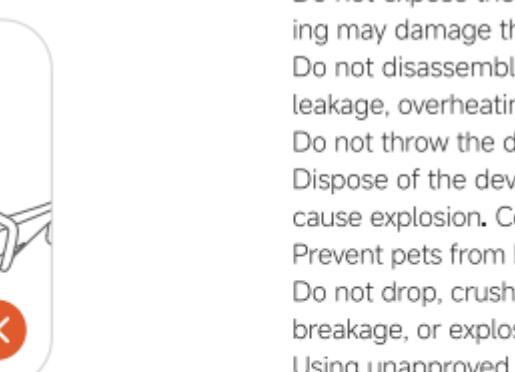

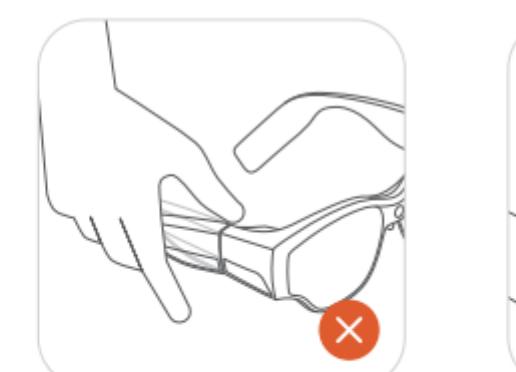

Prohibited Actions

Avoid the following to prevent damage:

*Excessive outward bending of temples or applying force beyond mechanical load limits.

*Continuous rotation, tossing, or throwing (lens is fragile).

*Binding the device with the charging cable.

Safety Information

Keep the device dry. Avoid use in dusty, humid, or high-salt (e.g., coastal) environments to prevent circuit failure.

Do not use during thunderstorms to avoid malfunction or electric shock.

Use at altitudes below 2000 meters and temperatures between 0 ° C and 40 ° C; store between -20 ° C and 60 ° C. Extreme temperatures may cause auto-shutdown, accelerate wear, or cause faults.

Use only the original charging cable for charging.

Do not expose the device to high temperatures (e.g., direct sunlight, heaters, microwaves, ovens). Overheating may damage the device, cause battery swelling/leakage, or even explosion.

Do not disassemble, modify, insert foreign objects, or immerse in water/liquids to avoid short circuits, battery leakage, overheating, or fire.

Do not throw the device into fire, as this may cause fire or explosion.

Dispose of the device according to local regulations; do not treat as household waste. Improper disposal may cause explosion. Comply with local laws and support recycling.

Prevent pets from biting the device to avoid injury or explosion.

Do not drop, crush, or pierce the device. Avoid external pressure to prevent damage, failure, short circuit, lens

breakage, or explosion.

Using unapproved or incompatible adapters, power supplies, or batteries may cause fire, explosion, or other

Special Notes

*Myopia correction lenses are sold separately. Consult your supplier for customization/purchase.

*Due to the physical and chemical properties of lithium batteries, capacity may decrease with charging cycles.

The device has a non-removable built-in battery. Do not replace the battery to avoid damage.

*The front and rear lenses are optical components. DO NOT CLEAN WITH ALCOHOL.

Do not use the device in areas where wireless equipment is prohibited, as it may interfere with other

electronics or cause hazards.

Impact on medical devices:

Comply with regulations in medical care facilities where wireless device use is prohibited.

Radio waves may interfere with implanted medical devices (e.g., pacemakers, cochlear implants, hearing aids). Maintain at least 15cm distance from implanted devices when using the product.

Do not throw the device into fire, as this may cause fire or explosion.

Dispose of the device according to local regulations; do not treat as household waste. Improper disposal may cause explosion. Comply with local laws and support recycling.

Prevent pets from biting the device to avoid injury or explosion.

Do not drop, crush, or pierce the device. Avoid external pressure to prevent damage, failure, short circuit, lens

breakage, or explosion.

Using unapproved or incompatible adapters, power supplies, or batteries may cause fire, explosion, or other

hazards.

Keep the device dry. Avoid use in dusty, humid, or high-salt (e.g., coastal) environments to prevent circuit failure.

Do not use during thunderstorms to avoid malfunction or electric shock.

Use at altitudes below 2000 meters and temperatures between 0 ° C and 40 ° C; store between -20 ° C and 60 ° C. Extreme temperatures may cause auto-shutdown, accelerate wear, or cause faults.

Use only the original charging cable for charging.

Do not expose the device to high temperatures (e.g., direct sunlight, heaters, microwaves, ovens). Overheating may damage the device, cause battery swelling/leakage, or even explosion.

Do not disassemble, modify, insert foreign objects, or immerse in water/liquids to avoid short circuits, battery leakage, overheating, or fire.

Do not throw the device into fire, as this may cause fire or explosion.

Dispose of the device according to local regulations; do not treat as household waste. Improper disposal may cause explosion. Comply with local laws and support recycling.

Prevent pets from biting the device to avoid injury or explosion.

Do not drop, crush, or pierce the device. Avoid external pressure to prevent damage, failure, short circuit, lens

breakage, or explosion.

Using unapproved or incompatible adapters, power supplies, or batteries may cause fire, explosion, or other

hazards.

The device and accessories may contain small parts. Keep out of children's reach to prevent accidental

ingestion.

The device has a non-removable built-in battery. Do not replace the battery to avoid damage.

*The front and rear lenses are optical components. DO NOT CLEAN WITH ALCOHOL.

Do not use the device in areas where wireless equipment is prohibited, as it may interfere with other

electronics or cause hazards.

Impact on medical devices:

Comply with regulations in medical care facilities where wireless device use is prohibited.

Disclaimer

This product is not a toy. Keep it out of children's reach and exercise caution in scenarios with children. Read this manual carefully before use, as it affects safe operation and your legal rights. The company is only responsible for the official system and updates. Third-party systems pose security risks. It is recommended to update the system through official channels. Non-official updates may cause security risks.

Warning! The operating system supports official updates. Flashing third-party ROMs or modifying system files may cause instability or issues, for which the company provides no support or liability. This product is a smart glasses device that provides a wearable experience when powered on and undamaged. Shenzhen Inmo Technology Co., Ltd. reserves the right to update this disclaimer. For the latest version, refer to the product's official website or emails received. Read this manual carefully before use to understand your legal rights, responsibilities, and safety instructions, as failure to do so may cause property loss, safety accidents, or personal injury. By using the product, you acknowledge and accept all terms herein. The user undertakes to use the product for legitimate purposes and agrees to these terms and any relevant policies set by Shenzhen Inmo Technology Co., Ltd. Shenzhen Inmo Technology Co., Ltd. shall not be liable for any direct or indirect personal injury or property loss caused by non-compliance with this manual.

Within 7 days from the receipt date: For performance failures (non-human induced) with no visible damage affecting resale, choose return, replacement, or repair. Note: No 7-day no-return after activation.
8th to 15th day from the receipt date: For performance failures (non-human induced) with no visible damage affecting resale, choose replacement or repair.
Within 1 year from purchase: Free repair for performance failures (non-human induced).
Warranty period: 1 year for the main unit; 6 months for the battery.
Service period: Lifetime professional consulting service by INMO support team.

After-Sales Service Policy

Thank you for choosing INMO AR glasses from Shenzhen Inmo Technology Co., Ltd. Our sincere service ensures your peace of mind. The warranty details are as follows:

- * Order number discrepancy with product label.
- * Damage caused by non-authorized repairers.
- * Damage from improper use, maintenance, or storage contrary to the manual.
- * Damage due to fire or smoke.
- * Damage from user misuse (e.g., dropping, crushing, liquid immersion).
- * Malfunctions caused by non-original accessories.

Warranty Description

INMO AR glasses comply with Guarantee policy for non-human induced damage due to product quality issues during the warranty period, with proof of purchase and this certificate

Tips

When replacing the equipment, please keep the relevant information to prove it.
For inquiries, contact INMO Customer Service:
Email: support@inmoxr.com
Consult local authorized service centers or dealers.
When using a power adapter, purchase a CCC-certified adapter that meets standards.

FCC Caution.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This INMO AIR3 meets the government's requirements for exposure to radio waves. The guidelines are based on standards that were developed by independent scientific organizations through periodic and thorough evaluation of scientific studies. The standards include a substantial safety margin designed to assure the safety of all persons regardless of age or health.

The SAR limit of USA (FCC) is 1.6 W/kg averaged over one gram of tissue. Device types: INMO AIR3 (FCC ID: 2BP9S-IMA301) has also been tested against this SAR limit. The highest SAR value reported under this standard during product certification for when properly worn on the body and Close to the head is 0.40W/kg. This device was tested for typical body-worn operations with the back of the handset kept 0mm from the body. To maintain compliance with FCC RF exposure requirements, use accessories that maintain a 0mm separation distance between the user's body and the back of the handset. The use of belt clips, holsters and similar accessories should not contain metallic components in its assembly. The use of accessories that do not satisfy these requirements may not comply with FCC RF exposure requirements, and should be avoided.

This device was tested for typical body-worn operations. To comply with RF exposure requirements, a minimum separation distance of 0mm must be maintained between the user's body and the handset, including the antenna. Third-party belt-clips, holsters, and

similar accessories used by this device should not contain any metallic components. Body-worn accessories that do not meet these requirements may not comply with RF exposure requirements and should be avoided. Use only the supplied or an approved antenna.

Section 15.407(g) specifies that U-NII devices are required to ensure frequency stability. It is required that the emissions are maintained within the band of operation under all conditions of normal operation as specified in the user's manual.
