

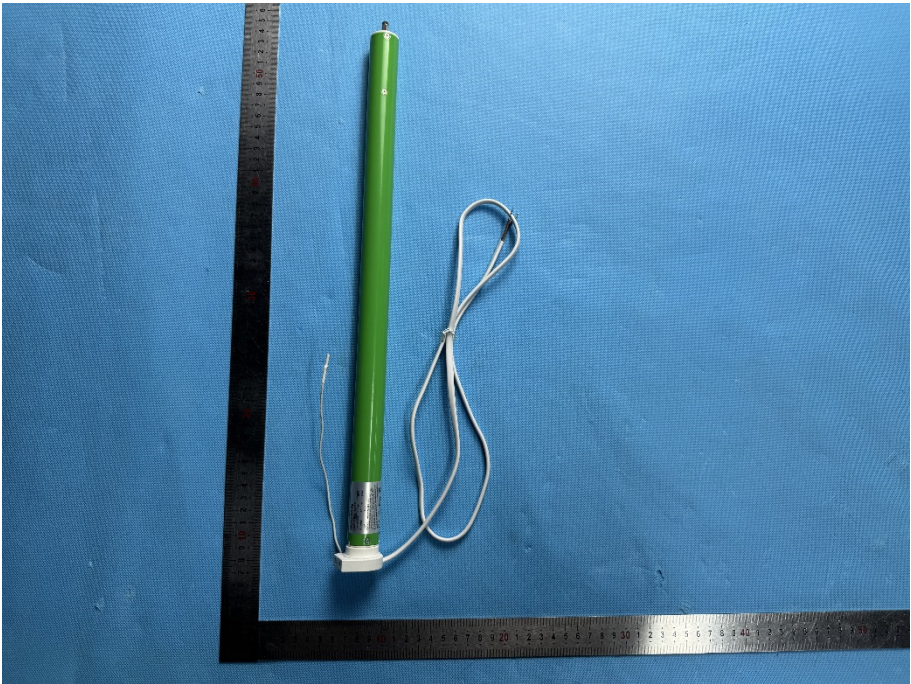

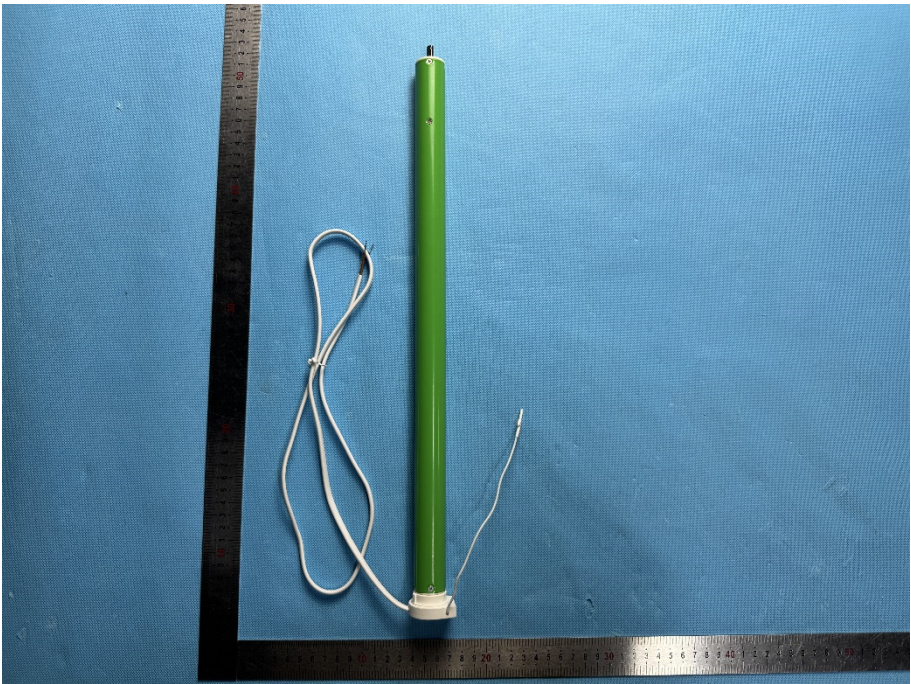

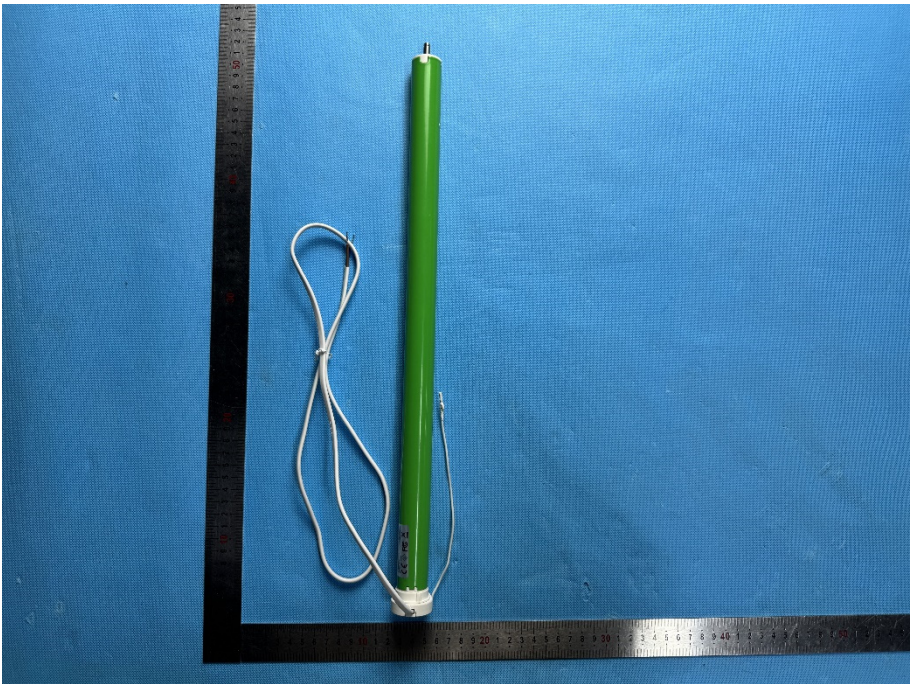

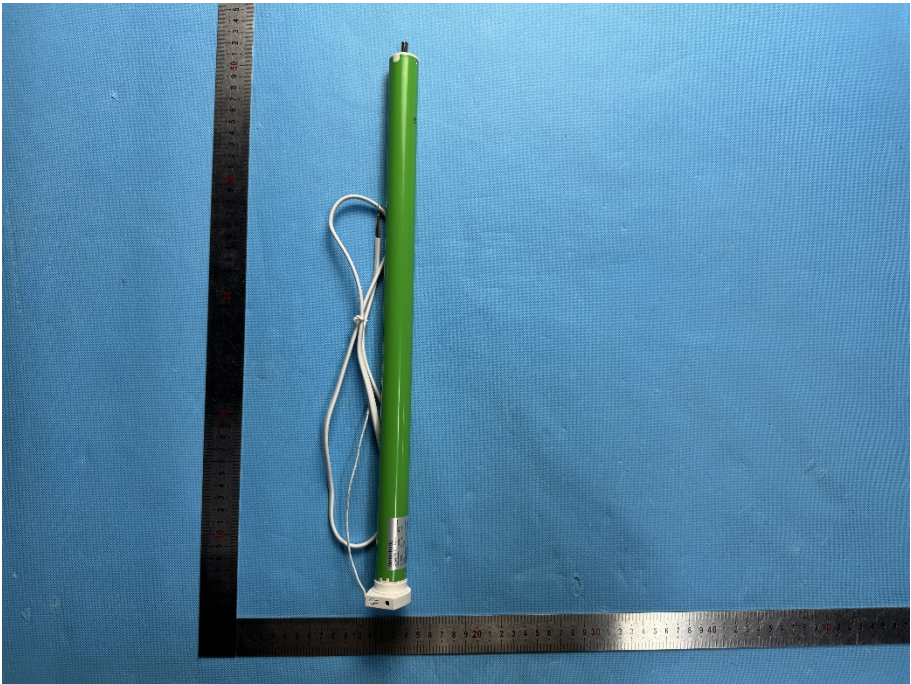

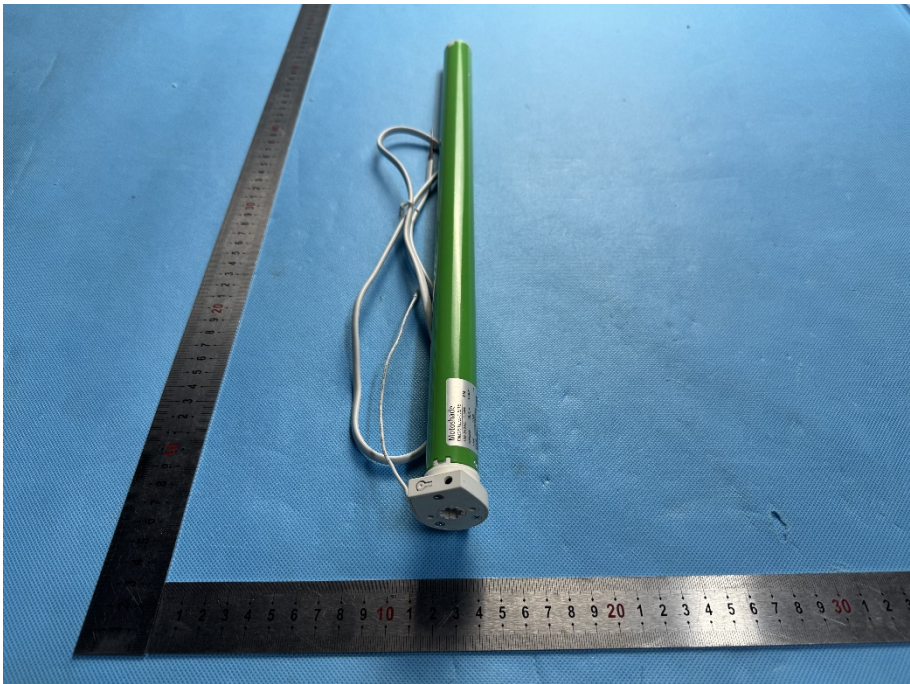

EXHIBIT 2 - EUT EXTERNAL PHOTOGRAPHS

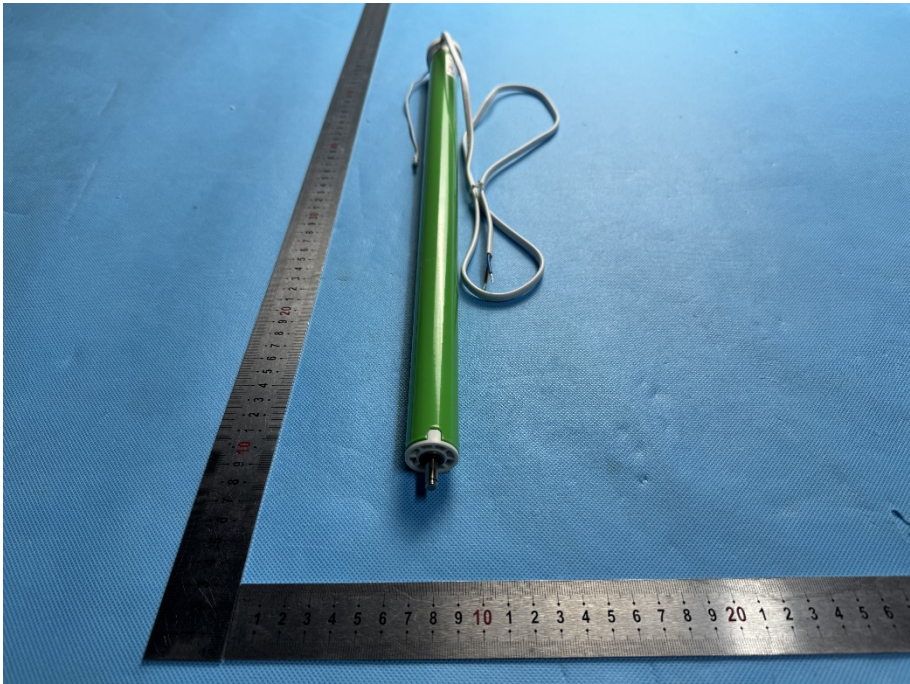

EUT View 1	 A photograph showing a green cylindrical device (EUT) with a white cable attached to its bottom. The device is oriented vertically. To its left is a black L-shaped ruler for scale. The background is a blue textured surface.
EUT View 2	 A photograph showing the same green cylindrical device and white cable as in View 1, but from a different angle. The device is still oriented vertically, and the white cable is more loosely coiled. A black L-shaped ruler is again present for scale on the blue textured background.

EUT View 3	 A photograph showing a green cylindrical device (EUT) with a white cable attached. The device is positioned vertically next to a ruler on a blue background. The ruler is marked in centimeters, showing the device is approximately 15 cm long. The white cable is coiled next to the device.
EUT View 4	 A photograph showing the same green cylindrical device (EUT) with a white cable, positioned vertically next to a ruler on a blue background. The ruler is marked in centimeters, showing the device is approximately 15 cm long. The white cable is coiled next to the device.
