## INSTRUCTIONS

### 1. Plug it in and turn it on, and you can use the drawing function

- (1) Built-in 50 sets of high-precision painting atlases.
- (2) The companion app provides a continuous update service of the cloud gallery, and can download more than 100 kinds of paintings series and sync to the device.
- (3) The device supports a maximum of 100 sets of atlas storage locally, when the new atlas exceeds the capacity limit, the system will automatically cycle through the override according to the principle of "old atlas first replace" to ensure that the system ensures that the old atlas is replaced first. Users always use the most up-to-date resources.

### 2. To use the full functionality, download the app

- (1) Apple users search for "curious alpacas" in the App Store to download and install it;
- (2) Android users scan the QR code on the right to download and install;
- (3) Connect the device.

a. Sign up to log in

b. Turn on your phone or tablet Bluetooth function

c. Hold your phone or tablet close to the Smart Drawing Projector

d. Connect successfully and start the journey of painting

3

## FCC Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Caution: Any changes or modifications to this device not explicitly approved by manufacturer could void your authority to operate this equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

### RF Exposure Information

The device has been evaluated to meet general RF exposure requirement.

The device can be used in portable exposure condition, compliance with exposure requirements.
