

## 【 Intelligent Color Light Control 】 APP User Manual

### 1、 Product Overview

This app supports controlling compatible smart lighting devices, providing 16.7 million colors for free adjustment, supporting color palette adjustment, dynamic light effect mode, and music rhythm function.

### 2、 Quick Start

#### 1. \* \* Device Connection\*\*

-Download and install the 'Intelligent Color Light Control' APP

-Turn on Bluetooth on your phone and ensure that the lighting fixtures are in pairing mode

-Add a device with a "+" sign in the app and select the corresponding lighting model

#### 2. \* \* Basic Operations\*\*

-The main interface displays the current lighting status

-Click on the power icon to control the switch

-Slide the brightness bar to adjust brightness and darkness

### 3、 Detailed explanation of core functions

Color palette color adjustment mode

1. Enter the "Monochrome Mode" interface

2. Slide the circular color palette to select the color tone

3. Adjust the saturation of the outer ring brightness bar

4. Click [Save] to save commonly used colors to "My Favorites"

Dynamic lighting mode

1. Enter "Scene Mode" and select:

-Breathing mode: Gradient pulse effect (adjustable speed)

-Rainbow Gradient: Automatic cyclic chromatographic changes

-\* \* Festive Blink \* \*: Fast switching between red/green/blue

-\* \* Custom Sequence \* \*: Programming up to 8 color loop schemes

2. Parameter settings:

-Speed control strip

-Hue offset

Music Rhythm Mode

1. Enter "Music Mode"

2. Select sound source:

-Mobile microphone (real-time ambient sound)

-Music playing on mobile phone

3. Adjust sensitivity:

-Low frequency response (heavy bass triggers strong light)

-High frequency response (high frequency triggers rapid color change)

4. Mode selection:

-Rhythm pulse (flashing with drum beats)

-Spectrum mapping (different frequency bands correspond to different colors)

### 4、 Advanced Settings

-\* \* Scheduled task \* \*: Set automatic morning and evening switches/scene switching

-Group Control: Batch Management of Multiple Room Lighting Fixtures

-\* \* Device Sharing \* \*: Control permissions through QR code sharing

-\* \* Firmware Upgrade \* \*: Settings - About Check Update

## 5、 Precautions

### Safety Warning:

-Avoid prolonged full power operation of lighting fixtures

-Music mode recommendation: The distance between the device and the sound source should be less than 3 meters

-It is recommended to disable the flashing mode when using for children  
common problem:

Q1: Is there a difference between color display and mobile phone?

A: Check the color rendering index (CRI) of the lighting fixture, it is recommended to be  $\geq 90$

Q2: Is the music mode significantly delayed?

A: Turn off other Bluetooth devices and ensure 5GHz WiFi connection

Q3: Unable to save custom scene?

A: Check app storage permissions, restart and retry

The FCC warning statement is as follows:

### FCC Warning Statement

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- - Reorient or relocate the receiving antenna.
- - Increase the separation between the equipment and receiver.
- - Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- - Consult the dealer or an experienced radio/TV technician for help.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and  
(2) this device must accept any interference received, including interference that may cause undesired operation.

Warning: changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment

### Radiation Exposure Statement

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment.

This equipment should be installed and operated with minimum distance 20cm between the radiator and your body.
