

 <p>Wireless HD Scalp Detector</p>	<p>Product Introduction</p> <p>The Wireless HD Scalp Detector combines advanced optical technology and intelligent image processing functions, providing a convenient way to monitor and manage scalp health. Equipped with a high-resolution camera, it offers clear images and supports quick photo and video recording. By using this device, users can intuitively understand their scalp health status, take appropriate care measures, and manage the overall health of their scalp and hair.</p> <p>Product Structure</p> <p>The detector features a compact design with the following key components:</p>  <p>High-Resolution Camera: Captures detailed scalp images.</p> <p>Focus Adjustment Wheel: Adjusts image clarity for optimal viewing.</p> <p>Power/Shutter Button: Long-press to turn on/off short-press to take photos.</p> <p>Protection Cover: Safeguards the camera lens when not in use.</p> <p>Wireless Connectivity: Enables Wi-Fi connection to mobile devices.</p>	<p>First Use Guide</p> <p>1. For Android Phones</p> <p>(1) Search for the "KM Health" APP in the app store, download, and install it.</p> <p>(2) Enable the phone's WLAN and location positioning. Turn on the "KM Health" APP and the KH-2306A Scalp Detector. Click the "Add Device" icon or the "+" button in the upper right corner (Figure 1).</p>  <p>(Figure 1)</p> <p>(3) Select the model "KH-2306A/Wi-Fi" (Figure 2). Click "Next" (Figure 3), choose the corresponding Wi-Fi name of the device (Figure 4), and connect. After successful connection, enter the detector's usage interface (Figure 5). Note: Grant the required permissions when prompted for the first use.</p>  <p>(Figure 2)</p>  <p>(Figure 3)</p>  <p>(Figure 4)</p>  <p>(Figure 5)</p> <p>2. For iOS Phones</p> <p>(1) Search for the "KM Health" APP in the App Store, or scan the QR code in the right, download, and install it.</p> <p>(2) Open the "KM Health" APP after installation and power on the KH-2306A Scalp Detector. On the APP homepage, click the "Add Device" icon or the "+" button. Allow the app to access relevant permissions before connecting (Figures 6-7).</p>  <p>(Figure 6)</p>  <p>(Figure 7)</p> <p>(3) Follow the on-screen instructions to select the device model and connect to the detector's Wi-Fi "HG-WIFI", (default password: 12345678) (Figures 8-11).</p>  <p>(Figure 8)</p>  <p>(Figure 9)</p>  <p>(Figure 10)</p>  <p>(Figure 11)</p> <p>3."KM Health" APP Interface Functions (Figure 12)*Interface may vary slightly by phone model.</p>  <p>(Figure 12)</p> <p>Tips:</p> <ul style="list-style-type: none"> (1) Click on the picture and long press the name to modify the picture. (2) Battery Indicator: Flashes when low on battery (auto-shuts down after prompting); the red light flashes during charging, stays on when fully charged. (3) When the device is turned on and fails to connect to the mobile phone in Wi-Fi mode, it will shut down automatically after 5 minutes by default. 	<p>Enlarge/Reduce: Click to adjust image magnification.</p> <p>Rotate: Flip the screen orientation.</p> <p>Photo/Video: Switch between shooting modes.</p> <p>Light Mode: Toggle between white light and UV light for different detection needs.</p> <p>Contrast: View and compare current images with previously saved ones (Figure 13).</p> <p>Album: Access saved photos and videos; long-press to rename files, or edit to share/delete (Figure 14).</p>  <p>(Figure 13)</p>

 <p>(Figure 14)</p> <p>4. After the first use, when using it again, simply open the APP, select this device, and you can directly enter the usage interface.</p> <p>5. Long press the device in the product list to enter the settings page. Click "Unbind Device" to unbind the added product (Figure 16).</p>  <p>(Figure 15)</p> <p>(Figure 16)</p>	<p>Scalp/Skin Detection Steps</p> <ol style="list-style-type: none"> 1. Remove the protection cover. 2. Part the hair to expose the scalp (or target skin area for other detections). 3. Adjust the focus wheel to clarify the image. 4. Tap the shooting icon in the APP or press the detector's physical button to capture photos/videos. 	<p>Important Notes</p> <ol style="list-style-type: none"> 1. Cleaning: Do not wash the device with water. Wipe with a damp cloth (power off first). Avoid chemical detergents or corrosive liquids. 2. Environment: Do not use in wet (e.g., bathroom) or high-temperature environments to prevent damage. 3. Storage: Keep out of reach of children. Store in a dry, cool place. 4. Safety: Do not use on wounded skin. Avoid dropping or disassembling the device. <p>Troubleshooting</p> <ol style="list-style-type: none"> 1. Connection Failure: Ensure the detector is powered on, Wi-Fi is enabled, and the correct password is entered (default: 12345678). 2. Low Battery: Charge the device using the included cable. Full charge takes 2-3 hours. 3. Auto-Shutoff: The device turns off after 5 minutes if not connected to Wi-Fi to save power. <p>For more support, contact our customer service.</p> <p>Package Contents</p> <ul style="list-style-type: none"> 1 x Scalp Detector 1 x Instruction Manual 1 x Charging Cable <p>Compliance Standard: GB4706.1-2005</p>	<p>Product Parameters</p> <table border="1"> <tbody> <tr> <td>Sensor Type</td> <td>1/6.5-inch HD chip</td> </tr> <tr> <td>Highest Pixel</td> <td>30W</td> </tr> <tr> <td>Maximum Resolution</td> <td>640*480 dpi</td> </tr> <tr> <td>Image Color</td> <td>24BIT</td> </tr> <tr> <td>Video Streaming Format</td> <td>YUV</td> </tr> <tr> <td>Frame Rate</td> <td>30FPS</td> </tr> <tr> <td>Electric Shutter</td> <td>Automatic adjustment</td> </tr> <tr> <td>White Balance</td> <td>Automatic adjustment</td> </tr> <tr> <td>Video Output</td> <td>WIFI Video Stream</td> </tr> <tr> <td>Signal-to-noise Ratio (dB)</td> <td>>50dB</td> </tr> <tr> <td>Camera Angle</td> <td>11°</td> </tr> <tr> <td>Focus Method</td> <td>Manually operated</td> </tr> <tr> <td>Zoom Method</td> <td>50-200x macro magnification</td> </tr> <tr> <td>Arrangement</td> <td>UVC</td> </tr> <tr> <td>Appliance</td> <td>Android, ios</td> </tr> <tr> <td>Charging Voltage</td> <td>Type-C to DC 5V</td> </tr> <tr> <td>Battery Specification</td> <td>3.7V, 400mAH</td> </tr> <tr> <td>Rated Power</td> <td>1W</td> </tr> <tr> <td>Product Size</td> <td>35x29x124mm</td> </tr> </tbody> </table>	Sensor Type	1/6.5-inch HD chip	Highest Pixel	30W	Maximum Resolution	640*480 dpi	Image Color	24BIT	Video Streaming Format	YUV	Frame Rate	30FPS	Electric Shutter	Automatic adjustment	White Balance	Automatic adjustment	Video Output	WIFI Video Stream	Signal-to-noise Ratio (dB)	>50dB	Camera Angle	11°	Focus Method	Manually operated	Zoom Method	50-200x macro magnification	Arrangement	UVC	Appliance	Android, ios	Charging Voltage	Type-C to DC 5V	Battery Specification	3.7V, 400mAH	Rated Power	1W	Product Size	35x29x124mm	<p>FCC Warning Statement</p> <p>Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:</p> <ul style="list-style-type: none"> • Reorient or relocate the receiving antenna. • Increase the separation between the equipment and receiver. • Connect the equipment into an outlet on a circuit different from that to which the receiver is connected. • Consult the dealer or an experienced radio/TV technician for help. 	<p>FCC Radiation Exposure Statement</p> <p>The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.</p> <p>This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:</p> <ol style="list-style-type: none"> (1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation. 	<p>Warranty card</p> <table border="1"> <tbody> <tr> <td>Product model</td> <td></td> </tr> <tr> <td>Product color</td> <td></td> </tr> <tr> <td>Purchase address</td> <td></td> </tr> <tr> <td>Customer name</td> <td></td> </tr> <tr> <td>Purchase date</td> <td></td> </tr> <tr> <td>Customer phone number</td> <td></td> </tr> <tr> <td>Customer address</td> <td></td> </tr> </tbody> </table> <p>CERTIFICATE</p> <p>Warranty Information</p> <ol style="list-style-type: none"> 1. Warranty Period: 1 year from purchase. 2. Coverage: Free repairs for defects under normal use (submit the product and warranty card). 3. Exclusions (paid repair, chargeable repairs): <ul style="list-style-type: none"> 1) Damage due to improper use, modification, or neglect. 2) Faults caused by accidents (e.g., drops, water damage, or natural disasters). 3) Unauthorized repairs or use of non-specified power sources. <p>Note: Keep the warranty card for proof of service.</p> <p>CE FCC RoHS</p>	Product model		Product color		Purchase address		Customer name		Purchase date		Customer phone number		Customer address
