Safety Information

Disclaimer

Please read this Disclaimer carefully before using. Using this product means that you acknowledge you have read, understood, and agreed to this Disclaimer.

Before use, please ensure that the product is functioning properly and meets safety requirements. Although this product has water resistance, it is not designed for underwater activities.

You agree to use the product solely for lawful and legitimate purposes. If you record or photograph in public places or on private property, please comply with all local laws and privacy regulations. To the extent permitted by law, Looki Tech Limited (hereinafter referred to as 'Looki') is not liable for any direct or indirect losses, damages, or legal consequences arising from the use or misuse of this product.

If any part of this Disclaimer conflicts with mandatory local laws, the local laws shall prevail. Looki reserves the right to interpret and modify this Disclaimer without prior notice.

Notes

Before each use, please check the product for any damage, deformation, or irregularities. If you notice any issues, stop using and contact customer service.

This product is designed for temperatures between 0°C to 35°C (-32°F to 95°F). After use, the battery may be hot; wait until it cools to room temperature before charging.

Avoid charging in environments above 40°C (104°F) to prevent battery swelling, leakage, or damage.

During use, avoid dropping or colliding the product, as this may result in damage or malfunction. Protect the product from dust and sand and avoid using it in extreme environments.

Accessories are not recommended for high-intensity activities to prevent damage from detachment.

Storage and Maintenance

Store this product in a dry, cool place, avoiding high temperatures, direct sunlight, or proximity to heat sources (such as heating equipment or the inside of a car). Do not subject the product to mechanical impacts, compression, or throwing, and avoid placing heavy objects on it to prevent damage. It is recommended to clean the product with a soft, dry cloth; avoid using liquid cleaning agents that could corrode or rust metal contacts and affect performance.

Battery and Charging

If the product is unused for an extended period (three months or more), the battery may drain. It is recommended to charge the product at least once every three months to maintain battery health. Before charging, ensure that the charging port is dry and use a charger that meets safety standards.

Magnetic Warning

This product and its magnetic lanyard contain magnetic components that may interfere with pacemakers, defibrillators, or other medical devices. Individuals

with pacemakers should avoid using the magnetic lanyard, and it is recommended to keep magnetic components at least 15 centimeters away from any medical devices. If you have any concerns, please consult your doctor before use.

Choking Hazard

This product contains small parts that may pose a choking hazard for small children. Please keep the product out of their reach at all times.

Skin Sensitivity

If you experience any skin allergies or discomfort during use, stop using the product immediately and consult a doctor.

Driving Hazard

Do not use this product while driving or engaging in activities that require your full attention, as it may lead to safety accidents. Always comply with local laws and regulations.

Warranty Information

Warranty Information

Ⓜ In regions with applicable local warranty laws, Looki will provide warranty service in strict accordance with those regulations. If your region does not have specific warranty laws, the following Looki's warranty terms will apply.

Ⓜ For any Looki L1 purchased through the official Looki stores, or Looki authorized dealers, a valid proof of purchase entitles you to a ONE (1) year warranty from the original purchase date.

- Ⓜ The following situations (but not limited to) are not covered by Looki's warranty:
- Damage caused by not following the instructions in the user manual, or by using non-Looki original or approved parts, unauthorized software, or accessories.
 - Damage resulting from user disassembly or modification, or from unauthorized repairs by non-Looki service centers.
 - Damage or malfunction caused by negligence, accidental incidents, or force majeure events, including but not limited to fire, water immersion, falls, impacts, compression, as well as natural disasters such as lightning, earthquakes, or typhoons.
 - Normal wear or aging of components during regular use, such as batteries, waterproof seals, and exterior materials.
 - Counterfeit or imitation products that are not genuine Looki products.

Ⓜ Other matters not covered herein shall be governed by the applicable laws and regulations of the country or region where the product is sold. For full warranty terms and detailed conditions, please visit our official website at **www.looki.ai**. Looki reserves the right to amend the warranty terms at any time

Regulatory Compliance Information

Regulatory Compliance Information

EU Compliance

Hereby, Looki declares that this product is in compliance with the essential requirements and other relevant provisions of Directive 2014/53/EU. The declaration of conformity can be consulted at: www.looki.ai.

Bluetooth	Operation Frequency: 2402-2480MHz
	Output Power (E.I.R.P.): <10dBm
Wi-Fi	Operation Frequency 2.4GHz Wi-Fi: 2412MHz-2472MHz 5.1GHz Wi-Fi: 5150MHz-5250MHz 5.8GHz Wi-Fi: 5725MHz-5850MHz
	Output Power (E.I.R.P.) 2.4GHz Wi-Fi: <18dBm (FCC/CE/SRRC/MIC) 5.1GHz Wi-Fi: <16dBm (FCC/CE/SRRC/MIC) 5.8GHz Wi-Fi: <16dBm (FCC/SRRC) <14dBm (CE)
	Protocol: 802.11 a/b/g/n/ac
Operating temperature	0°C to 35°C (-32°F to 95°F)

Disposal and Recycling Information

The symbol on the right means that according to local laws and regulations your product and/or its battery shall be disposed of separately from household waste. When this product reaches its end of life, take it to a collection point designated by local authorities. The separate collection and recycling of your product and/or its battery at the time of disposal will help conserve natural resources and ensure that it is recycled in a manner that protects human health and the environment.

FCC Compliance

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one of the following measures:

- Ⓜ Reorient or relocate the receiving antenna.
- Ⓜ Increase the separation between the equipment and receiver.
- Ⓜ Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Ⓜ Consult the dealer or an experienced radio/TV technician for help.

FCC Caution

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment.

Radio Frequency (RF) Exposure Information

This device is designed to meet the requirements for exposure to radio waves established by the FCC. The device complies with FCC RF exposure limits for general population/uncontrolled exposure. To maintain compliance, please use the device as described in the user manual.

Battery Safety

Replacement of a battery with an incorrect type that can defeat a safeguard (for example, in the case of some lithium battery types);

Disposal of a battery into fire or a hot oven, or mechanically crushing or cutting of a battery, that can result in an explosion;

Leaving a battery in an extremely high temperature surrounding environment that can result in an explosion or the leakage of flammable liquid or gas;

A battery subjected to extremely low air pressure that may result in an explosion or the leakage of flammable liquid or gas.
