— WIRELESS USB ADAPTER —

Compatibility Note

- Please ensure that your car is compatible with wired CarPlay or Android Auto.
- The wireless CarPlay feature requires an iPhone 6 or a newer model with iOS 10 or higher.
- The wireless Android Auto feature requires an Android phone with version 11 or higher that supports the latest Android Auto features.

To verify if your vehicle supports wired CarPlay or wired Android Auto:

- Connect your iPhone or Android smartphone to the vehicle using a USB data cable. The connection interface logo will then appear on the car's display screen.
- Refer to the compatibility list or contact your car manufacturer directly for confirmation.

- 1.Turn on the vehicle and wait for the system to fully load.
- 2.Insert the adapter into the vehicle's USB-A or USB-C port.
- 3.A dialog box will appear on the phone screen asking "Use CarPlay with 'SmartBox-xxxx'?" Click "Use CarPlay" to establish a connection between your phone and the adapter.

Important

- 4.Turn on the Bluetooth on the other phone, search for and pair with the adapter's Bluetooth name as "SmartBox-xxxx".
- 5.After Bluetooth pairing is complete and the CarPlay connection is established, the car screen will automatically switch to CarPlay mode.

- 4.If the system prompts that the Bluetooth is in use, try pairing multiple times to complete the switch.

- 1.Simultaneously turn off the Bluetooth and WLAN on the currently connected phone.
- 2.Unplug and reinsert the adapter.

Apple CarPlay

- 1.Turn on the vehicle and wait for the system to fully load.
- 2.Insert the adapter into the vehicle's USB-A or USB-C port.
- 3.A dialog box will appear on the phone screen asking "Use CarPlay with 'SmartBox-xxxx'?" Click "Use CarPlay" to establish a connection between your phone and the adapter.

- 4.Turn on the Bluetooth on the other phone, search for and pair with the adapter's Bluetooth name as "SmartBox-xxxx".
- 5.After Bluetooth pairing is complete and the CarPlay connection is established, the car screen will automatically switch to CarPlay mode.

Important

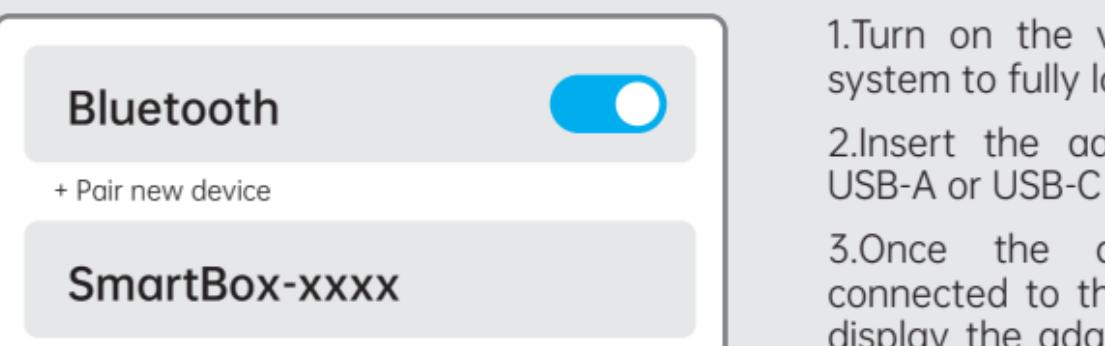

- 4.If the system prompts that the Bluetooth is in use, try pairing multiple times to complete the switch.

- 1.Simultaneously turn off the Bluetooth and WLAN on the currently connected phone.
- 2.Unplug and reinsert the adapter.

- 1.Turn on the vehicle and wait for the system to fully load.
- 2.Insert the adapter into the vehicle's USB-A or USB-C port.
- 3.A dialog box will appear on the phone screen asking "Use CarPlay with 'SmartBox-xxxx'?" Click "Use CarPlay" to establish a connection between your phone and the adapter.

- 4.Turn on the Bluetooth on the other phone, search for and pair with the adapter's Bluetooth name as "SmartBox-xxxx".
- 5.After Bluetooth pairing is complete and the CarPlay connection is established, the car screen will automatically switch to CarPlay mode.

Android Auto

- 1.Turn on the vehicle and wait for the system to fully load.
- 2.Insert the adapter into the vehicle's USB-A or USB-C port.
- 3.Once the adapter is successfully connected to the vehicle, the screen will display the adapter's Bluetooth name as "**SmartBox-xxxx**".

- 4.Open the Settings on your phone and enable "Bluetooth" and "WLAN".
- 5.Go to the "Bluetooth" settings, Click "Pair New Device", and select the adapter with the prefix "SmartBox-xxxx" from the "Available devices" list.

- 6.Wait for about 20-30 seconds, and a dialog box will appear on your phone screen asking "Pair with SmartBox-xxxx?" Click "Pair" to establish a connection between your phone and the adapter.
- 7.Unplug and replug the adapter.
- 8.Delete the old Bluetooth connection on your phone and establish a new Bluetooth connection to start using the upgraded product.

- 9.After Bluetooth pairing is complete and the Android Auto connection is established, the car screen will automatically switch to Android Auto mode.

OTA Online Update

- 1.Power the adapter.
- 2.Open the Settings on your iPhone and enable "WLAN".
- 3.Go to the "WLAN" settings and select the adapter with the prefix "**Smart-Box-xxxx**" from the "NETWORKS" list.
- 4.Delete the old Bluetooth connection on your phone and establish a new Bluetooth connection to start using the upgraded product.

- 5.After Bluetooth pairing is complete and the Android Auto connection is established, the car screen will automatically switch to Android Auto mode.

RF exposure warning: This equipment complies with radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator and your body. L'environnement du millipascal contrôlé, les conditions normales d'utilisation doivent être au moins 20cm avec les utilisateurs.

FCC Statement:
This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation. This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:—Reorient or relocate the receiving antenna.
 - Increase the separation between the equipment and receiver.
 - Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
 - Consult the dealer or an experienced radio/TV technician for help.

Caution: Any changes or modifications not expressly approved by the party
