

# INSTRUCTION MANUAL

### FCC Compliance Statements

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Caution: Changes or modifications not expressly approved by the party responsible for compliance could void the user’s authority to operate the equipment.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

### RF Exposure Statement

This equipment complies with FCC/ISED RF radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with a minimum distance of 20 centimeters between the radiator and your body.

### RF Exposure Statement

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

2X1.5V AA BATTERIES  
(NOT INCLUDED)

## ⚠ WARNING:

1. Never recharge non-rechargeable batteries.
2. Always remove exhausted batteries from the product.
3. Do not mix old and new batteries.
4. Do not mix different types of batteries.
5. Only use the recommended type of battery.
6. Always insert the batteries using the correct polarity.
7. Always remove exhausted batteries from the product.
8. Do not short circuit terminals.
9. Batteries are to be changed by an adult.
10. It is advisable to remove batteries from the unit if the product is not to be used for long periods of time.

## DISASSEMBLY INSTRUCTIONS

Moving the buckle upwards means loosening it, while moving it downwards means fastening it.

Moving the buckle downwards means loosening it, while moving it upwards means getting it locked.

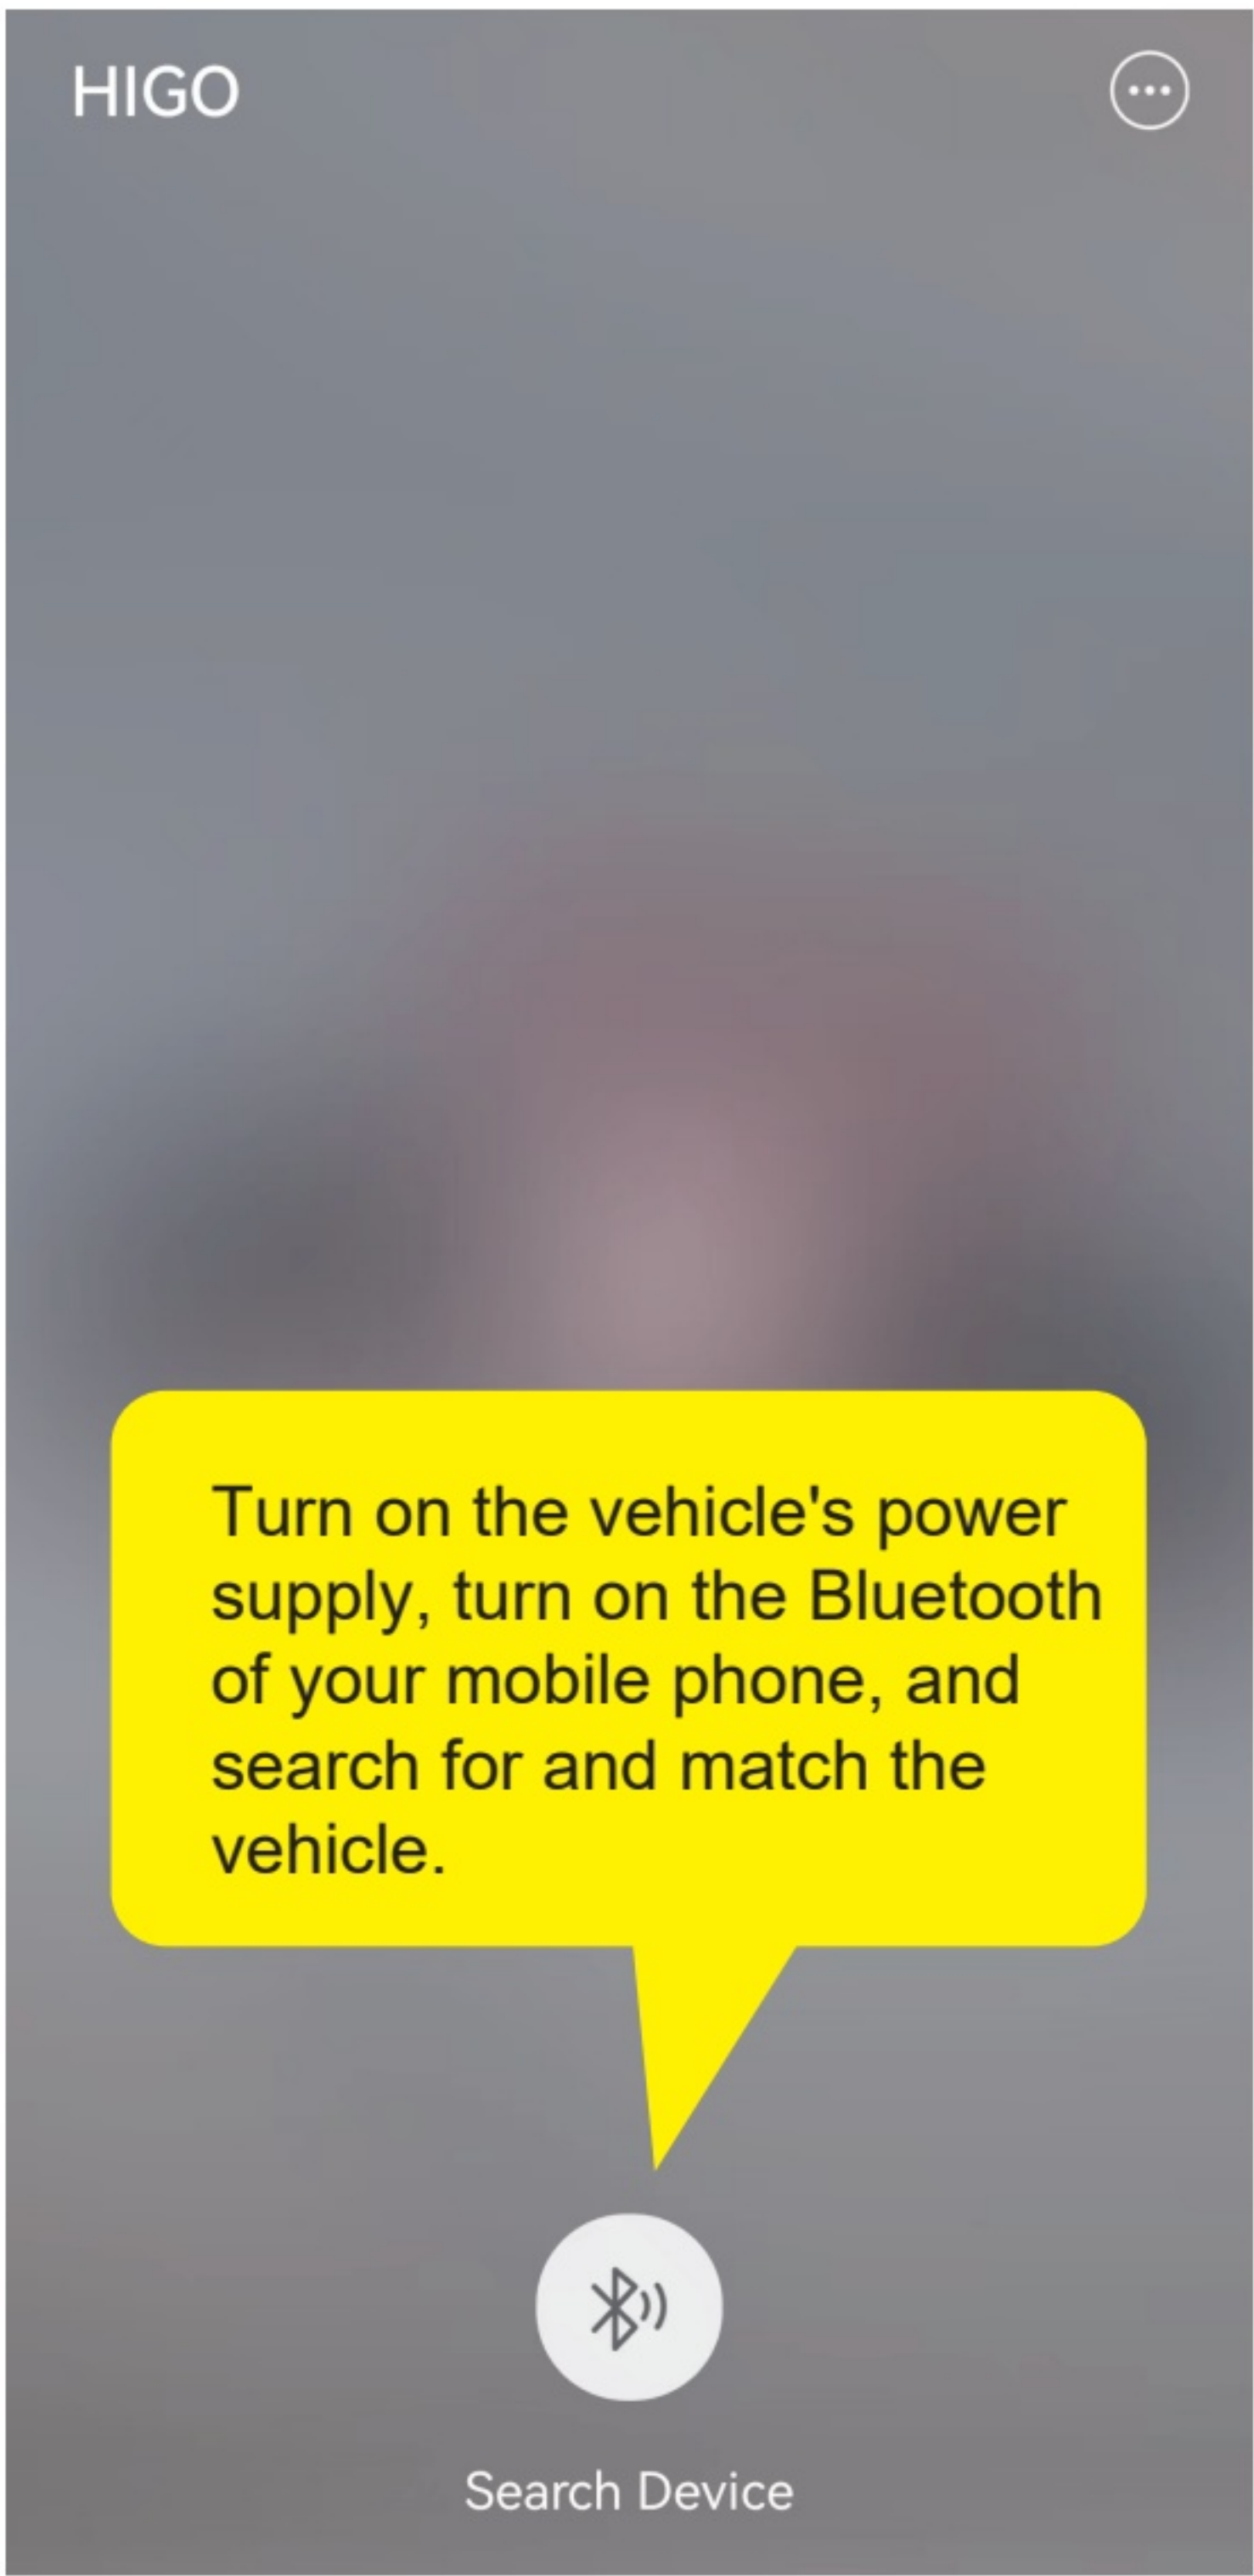

A beeping sound will be emitted when the battery is running low.
