SAFETY INSTRUCTIONS

⚠️ WARNING

- **Prevent Serious Injury or Death:** Failure to follow these warnings and assembly instructions may result in serious injury or death.
- Please read all instructions before using this product.
- Keep the user manual for future reference.
- This product requires adult assembly; please follow the assembly instructions carefully.

Risk of Strangulation:

- Never hang strings or attach strings to the product.
- Cords can cause strangulation accidents, so do not place items with cords around the child's neck, such as hood strings or pacifier cords.

If this product is damaged or broken, do not continue to use it:

- Never use it as a car seat.
- Do not place this product near water sources or in damp environments; avoid placing it in bathtubs, showers, sinks, swimming pools, or other potentially wet areas.
- Never use a power adapter that has been in contact with liquid, dropped, or damaged.
- Protect the power cord carefully to avoid stepping on it or having it pinched by furniture, and do not use it with an extension cord.
- Only use the recommended transformer; do not use other models.
- Regularly inspect this product; if parts need to be replaced, contact the retailer where it was purchased, and do not attempt to replace them yourself.

⚠️ WARNING:

This product contains a button or coin cell battery.

A swallowed button or coin cell battery can cause internal chemical burns in as little hours and lead to death.

- Dispose of used batteries immediately.
- Keep new and batteries away from children.
- If you think batteries might have been swallowed or placed inside any part of the baby, seek immediate medical attention.

ALWAYS SECURE THE BABY IN
THE PROVIDED SAFETY HARNESS.

DO NOT LEAVE THE BABY
UNATTENDED IN THE SWING.

FALL and STRANGULATION HAZARDS: Children have suffered head injuries falling from swing and have strangled in straps.

- **ALWAYS** use restraints. Adjust to fit snugly.
- **NEVER** lift or carry baby in swing.
- **STOP** using swing when baby has reached 25 lbs.
- **STOP** using swing when infant attempts to climb out (approximately 9 months).
- The upright position is only for children who have developed enough upper body control to sit up without tipping forward.
- **ALWAYS** place swing on floor. Never use on any elevated surface.

Suffocation hazard: Babies have suffocated when seats tipped over on soft surfaces.

- **Never** use on a bed, sofa, cushion, or other soft surface.

Stay near and watch baby during use.

This product is not safe for sleep or unsupervised use.

If baby falls asleep, remove baby as soon as possible and place baby on a firm, flat sleep surface such as a crib or bassinet.

FALL and STRANGULATION HAZARDS: Infants have suffered head injuries falling from Swings and have strangled in straps.

- **ALWAYS** use restraints. Adjust to fit snugly.
- Stay near and watch baby during use. This product is not safe for sleep or unsupervised use. If baby falls asleep, remove baby as soon as possible and place baby on a firm, flat sleep surface such as a crib or bassinet.

⚠ CAUTION

To prevent battery leaks, which can burn skin and eyes:

- Always replace the entire set of batteries at one time.
- Never mix old and new batteries, or batteries of different brands or types
- Remove batteries when storing product for a long time.
- Dispose of used batteries immediately.

CLEAN & MAINTENANCE

CLEAN:

1. Clean the host, legs and seat frame with a damp cloth and mild detergent, then dry thoroughly. Do not use strong detergents.
2. Mattress component: Remove, add a little detergent, and wash gently by hand. Dry and avoid exposure to sunlight.

MAINTENANCE:

1. Please check this baby swing periodically. Make sure the parts are well connected and in place.
2. If connections are poor, discontinue use and reconnect/reinstall if necessary.

• This product contains electronic components and should not be used in water or in a humid environment.

• Please make sure the product is dry, store in a cool and dry place and avoid direct sunlight for a long time.

⑫ User manual

INSTALLATION

⚠️ WARNING:

This product can only be installed by adults!

1. Insert the four "legs" into the corresponding holes at the bottom of the host in turn, making sure the "legs" are in the correct direction until you hear a "click" sound, indicating that the assembly is complete and firmly fixed.

2. Insert the two "center support brackets" into the holes on both sides of the host rocker in turn until you hear a "click" sound, indicating that the assembly is complete and firmly fixed.

3. Insert the "left support bracket" and "right support bracket" into the corresponding holes of the "center support bracket" respectively, until you hear a "click" sound, indicating that the assembly is complete and firmly fixed.

Note: This will be installed on the right

4. Seat frame installation:

- Assemble "Seat frame A" and "Seat frame B" separately.
(as shown in the figure).

- Insert the assembled seat frame into the corresponding holes
(A in the front, B in the back, as shown in the figure) until you hear a "click",
indicating that the assembly is complete and firmly fixed.

- Follow the same steps to complete the installation on the other side.

5. Install the mattress component assembly:

Take out the mattress component and unfold it. Use both hands to flip open the cloth cover on the bottom of the mattress component and put it into the seat frame tube (as shown in Figure 1 below). Open the edge cloth on the bottom of the mattress component and put it into the seat frame tube and zip it up with both hands (as shown in Figure 2 below). The mattress should be installed as shown in Figure 3 below.

6. Install the toy bracket:

Insert the toy bracket into the toy bracket hole, as shown in the figure below.

7. Installation and use of seat belts:

1. Place the baby in the seat;

2. Tighten the five point safety buckle;

3. Cover the safety buckle with protective cloth.

SPECIAL ATTENTION:

In order to prevent the seat belt from being accidentally opened by the baby, according to US law, we have designed the buckle to be very tight. Please open it with both hands according to the diagram.

The length of the seat belt can be adjusted by pressing the buttons on the shoulders and waist to ensure that the baby sits comfortably and safely.

USE

1. Seat adjustment

The seat has Tow angle adjustment: as shown below

Operation method:

Press the adjustment buttons on both sides at the same time

Adjust up or down

2. Power supply

Support 2 power sources

a. Adapter power supply

Use the included DC power adapter". Plug the power plug of the adapter into the socket and the machine respectively. (Adapter input voltage 100-240V/50/60Hz, 0.5A, output voltage 5V 2.0A 10.0W)"

WARNING:

- DO NOT USE AN ADAPTER OTHER THAN THE ONE SUPPLIED WITH THE PRODUCT!
- WHEN USING THE ADAPTER, BE SURE TO KEEP IT OUT OF THE REACH OF CHILDREN.

b. Power bank supply

Plug the power plug of the adapter into the socket and the power bank respectively.

Precautions for Using Mobile Power Banks:

1. Charging Indicator: Ensure the power bank is sufficiently charged and pay attention to the charging indicator light status.
2. Safe Use: Avoid using the power bank in high-temperature, humid, or flammable environments.
3. Regular Charging: If not in use for an extended period, recharge the power bank regularly.

3. Control panel use and introduction

Press the "swing button" to start swinging. Each press increases the swing level from 0 (stop) to 5 (maximum), and so on.

Press the "music button" to play music (12 songs), press it again to pause the music, press it again to play the next song, press it again to pause, and so on. Long press the "music button" to adjust the volume, and release it after confirming the volume.

There are 3 timing options. Press once and one indicator light will light up for 8 minutes, press the second time and two indicators will light up for 15 minutes, press the third time and three indicators will light up for 30 minutes. When the timing time is up, all functions will stop. If the timing function is not activated, the machine will work indefinitely until the battery is exhausted.

⚠️ WARNING:

After disconnecting the power supply/turning off the machine, the baby swing will stop swinging after 3-5 seconds. This is a normal machine reset. Please feel free to use it.

4. Remote Control Instructions

Before using the remote control, please remove the "power cut plastic sheet" to ensure the normal operation of the remote control.

5. Mobile phone remote control description

Download and install

Please select the corresponding QR code according to your phone's operating system to scan and download. The specific steps are as follows:

- Identify the system: first confirm whether your phone's operating system is Android or iOS.

- Scan the QR code:

If your phone is Android, please scan the QR code labeled "Android".
If your phone is iOS, please scan the QR code labeled "iOS".

- Download and install: After scanning the code, click the link to download and install the remote control.

- Using the remote control:

After the installation is completed, you can use the mobile remote control to operate.

Android system

iOS system

Bluetooth connection

- a. Turn on your phone's Bluetooth

- Click "Settings" on your phone, find the "Bluetooth" option and make sure the Bluetooth switch is turned on.

- Make sure your phone is discoverable so other devices can find it.

- b. Search for devices:

- Wait for the app to search for nearby Bluetooth devices. In the search results, look for the Bluetooth device named "HA616" (this is the Bluetooth name of S3000).

- c. Connect the device:

- Click "HA616" to pair and connect.

After the connection is successful, open the music player you often use on your phone and select the music or white noise that you and your baby like.
