### Keyboard Specifications

System support	XP Win7/8/10
Wireless data transfer	2Mbps
Frequency	2402MHz-2480MHz
Connection	2.4G Wireless Connection
Battery Capacity	1400mAh
Working Current(without backlight)	20mA
Working Time (without backlight)	70 hours
Working Current (with backlight)	40mA
Working Time (with backlight)	35 hours
Weight	545g
Keyboard Size	440*132*29mm

### Mouse Specifications

System support	XP Win7/8/10
Wireless data transfer	2Mbps
Frequency	2402MHz-2480MHz
Battery Capacity	600mAh
Mouse resolution	800-1200-1600
Working Current (without backlight)	10mA
Working Time (without backlight)	60 hours
Working Current (with backlight)	20mA
Working Time (with backlight)	30 hours
Weight	90g
Keyboard Size	129*66*42mm

### WARNING

- Do not expose this product to water. Prevent liquid from entering this product. Water or humidity may cause short-circuit and damage this keyboard.
- Do not drop or hit product. Shock may damage the components inside.
- Do not put this product near extreme heat or fire.
- Do not try to disassemble or modify this product on your own.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

**Note:** This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

#### FCC Radiation Exposure statement

The device has been evaluatec to mee general RF exposure requirement. The device can be used in portable exposure condition without restriction.
