# Quick Guide

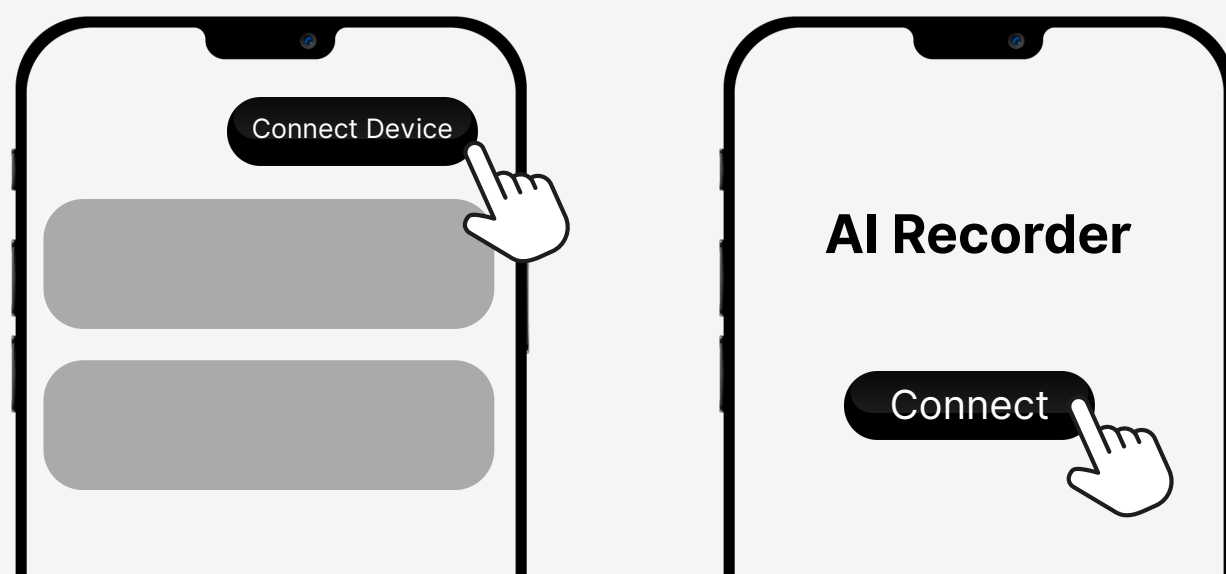

AI Recorder

- Scan the QR code to download the **AI Recorder** App on App Store.
- Create your AI Recorder Account.

- Short-press the record button to wake up your AI Recorder.
- The Indicator Screen indicates that your AI Recorder is ready to bind with your account.

- Open the AI Recorder App and follow the on-screen instructions to complete the binding process.

# Start Recording

**NOTE Recording Mode**

Toggle down to NOTE recording mode.

**PHONE CALL Recording Mode**

Toggle up to PHONE CALL recording mode.

For phone call recording, ensure that your AI NOTE is under the PHONE CALL recording mode and securely attached to the back of your phone using the provided magnetic case.

## Start

Long-press the record button and hold for **1 second** until you feel **1 vibration**, indicating that the recording has started.

## End

Long-press the record button and hold for **2 seconds** until you feel **2 vibrations**, indicating that the recording has ended.

**FCC Warning:**

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

**Caution:** Any changes or modifications to this device not explicitly approved by manufacturer could void your authority to operate this equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 0cm between the radiator and your body.
