

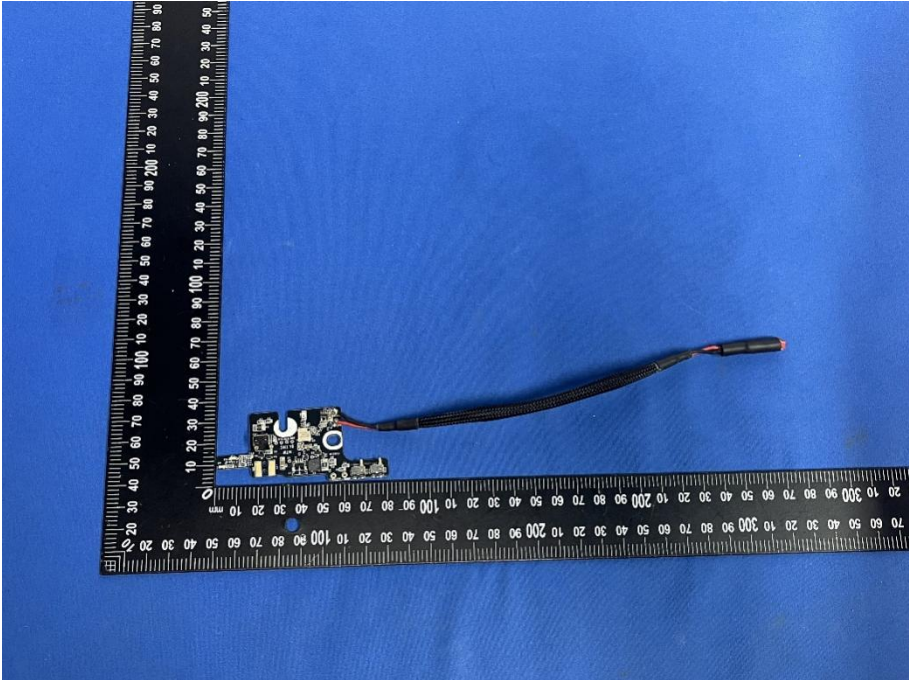

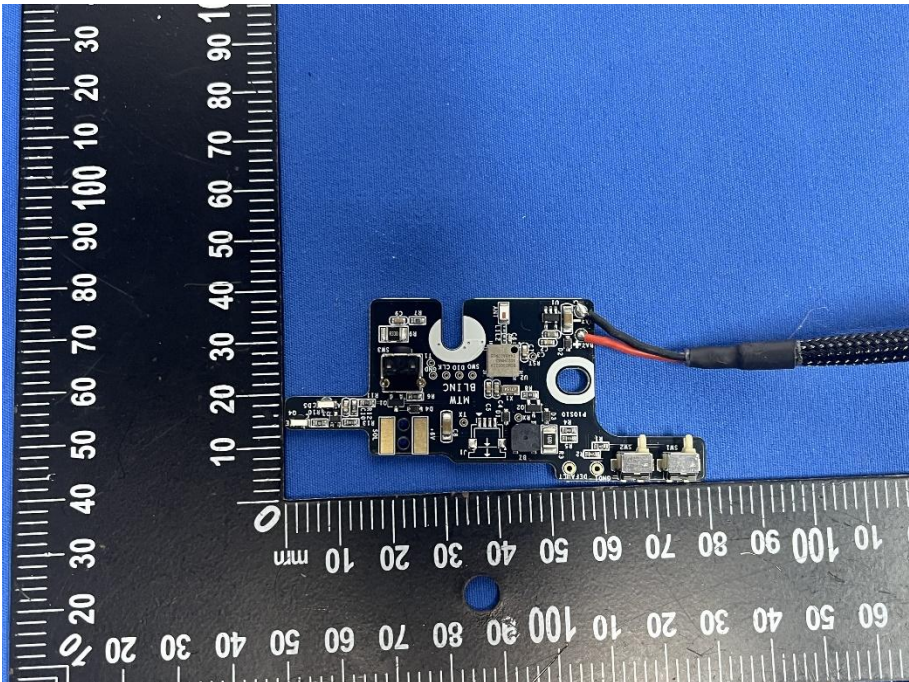

EXHIBIT 2 - EUT EXTERNAL PHOTOGRAPHS

EUT View 1	 A photograph showing the external view of the EUT. It is a small, rectangular circuit board with various components, including a cable connector and some surface-mounted components. The board is placed on a blue background next to a black ruler with white markings. The ruler is oriented vertically, showing measurements from 0 to 100 mm. The EUT is positioned horizontally, with its cable extending to the right.
EUT View 2	 A photograph showing the external view of the EUT from a different angle. The circuit board is more clearly visible, showing various components like capacitors, resistors, and a cable connector. The board is placed on a blue background next to a black ruler with white markings. The ruler is oriented vertically, showing measurements from 0 to 100 mm. The EUT is positioned horizontally, with its cable extending to the right.
